

Jubati Badanayak

DOB-4-Aug-15

Report of 2022-23 (Second Term)

Introduction

Jubati has a cute smile. She comes neatly to the school. She is a very helpful. She is very friendly with the children of Victory group. She talks to everybody very politely. She loves to eat noodles. While eating she doesn't spill any food.

English

Jubati is very quiet. She has difficulty in

speaking. She has pronunciation problem. She has less understanding. She had participated in the play "Sweets for my children" for the Mother's birthday. She took the role of narrator. She had difficulty in learning the lines. She knows the alphabets and recognizes the letters. While answering GK questions, she was not speaking at all.

Projects

Flowers:

Jubati stays silent and sits properly in the group. She does all the

activities properly. She learnt names of flowers and their colours, medicinal use and flowers that are edible. She concentrates in the group.

My body:

She is a very intelligent girl and she studies well but sometimes does not answer the questions. She was asked to name the parts of the body but was not able to tell many. She has learnt them and can tell them. She drew different body parts. She learnt about the five senses and their functions. When she was asked to create stories about the body parts then she took a lot of time. She drew pictures

and then told the stories. When she was told a story, she listened attentively.

The Food we eat:

She learnt many things about food; from where does the food come; from which sources do we get food. She liked doing this topic because she likes to eat vegetables and fruits.

She drew a very beautiful picture of the foods and vegetables. She also saw many pictures of the vegetables and fruits and could tell their names. She learnt about many vegetables which she heard for the first time. She knows how many meals she eats and their names.

Maths

She is clear in- after and before

numbers. She has improved in backward counting. She is able to do the skip of two and three- forward and backward. She is learning the skip counting of four with objects. She knows the between numbers. She has learnt how to make 10, 8, 7, 5, 6, 4, 3 and 9. She does short word problems of addition. She does the addition till twenty. She adds fast and tells the answers. She is able to mentally tell the tens and ones place. She can show it with the object also.

Arts

She is very interested in doing art class. She is always eager to learn new things. She can cut paper properly and stick it. She sits quietly in art class. Her drawings are excellent and have

improved a lot.

Her colouring and drawings are done very neatly. She cannot fold the paper neatly and she has difficulty in

following the instructions. In paper folding she learnt flower, boat, double boat, swan, honeybee, tik-tok. In cutting & pasting she made a branch with colourful leaves, and flowers to stick on the wall and made some hangings like rabbit, bird and owl. She enjoys all the art activities.

Dance

Jubati is very interested in doing dance. She picks up the steps

very slowly. She likes to dance on the song Dholida.

Drama

She had participated in a drama on 21st February. She was facing difficulty in remembering her lines.

Puzzles

She does not need anybody's help. She has no problem in doing by herself. She is concentrates when she is doing puzzles till the end of the class.

Indoor games

She and her friends play some of the indoor games like leader leader change the action, apple apple banana, crab game and treasure hunt.

Movies

She loves to watch the animated movies. She loved watching the movie called the twelve little princesses. When the movie is interesting for her then she watches

it properly.

Games

Jubati's favourite games are ice and water, cat and mouse, and kho-kho. She first takes rounds and then she does her warm-up and joint exercises and then

she plays her game with everyone. Sometimes she does long jump and high jump. She plays nicely but she gets tired in the middle of the game.

Sports Day

She had participated in the army drills. She put her best efforts to do the army drills

properly. She has done it for the first time. It was good but she should improve a little more by doing it again and again.
