

Saurav Sukia

DOB-18-Sep-17

Report for 2022-23
(First Term)

Circle time

Saurav sits properly in dhyaan mudra while the prayers are sung. He knows all the chants by heart and chants them loudly. He likes solo singing and is confident while singing. His favourite rhyme is “Johnny Johnny Yes Papa”. He loves doing action while singing. Whenever a question is asked he is able to answer it.

Mathematics

Saurav is very keen in making designs using rangometry kits. He also tries to help the other children in making design with rangometry. He faces difficulty in counting but still he tries his best and learns them. He loves doing mathematical activities like collecting materials from nature such as pebbles, leaves and counts with their help.

Languages

His pronunciation is very good but has to improve in speaking freely and fluently. He is able to understand the language and whenever stories are read out to them, he is always eager to see the pictures. He has knowledge of some basic words of English. He also knows some names of body parts such as eyes, ear, nose, tongue.

co-curricular activities

He likes to draw flowers and colour them with colourful crayons. He like to dance and play a lot. While doing origami he pays attention and when the origami is complete, he feels elated. He is also very interested in making puzzles.

Health and hygiene

He has knowledge about health and sanitation. He washes his plate and hands before going to eat. He eats up all the vegetables given to him. He tries not to spill food on the floor while eating. He makes sure that no food is wasted. After eating, he rinses his mouth and washes his plate and then gently places the plate from where he had taken it.
