

Sandhya bishoi

DOB-11-Feb-11

Attendance-182 days out of 183 days

Report for 2024-25(first term)

Satsang

Every evening, we have satsang where we learn various songs. Recently, Shantanu da came to teach us songs for Janmashtami. He not only taught us new songs but also helped us learn some difficult ones. We practised for our performance on stage, which I really enjoyed.

Dance

I have developed a fondness for folk dance from Northeast India. Initially, I preferred contemporary dance, but this year I learnt two Bharatanatyam dances. The first dance was for our school birthday on July 5th, where we wore saris, which I loved. The second dance was for Ganesh Chaturthi, and I enjoyed it as well.

Games

Every evening after Tiffin, we have games. We start with two minutes of silence, followed by running exercises. Although I sometimes feel lazy, I try to keep up. My favourite sport is basketball, and I enjoy playing it during our sessions.

Shramdaan

After yoga each morning, I participate in Shramdaan, which includes hostel cleaning, school cleaning, and gardening. I particularly enjoy gardening, where I help with tasks like removing weeds and watering plants. After rain, it's easy to pick weeds, which I find satisfying.

Art

In art class, I engage in various activities like paper folding, drawing, and making crafts. Recently, I made a paper rocket, a rabbit box, and a lotus flower. My favourite was the rabbit box because it was easy to create. I also enjoy using colours to enhance our art projects.

Yoga

I never want to miss yoga class because it helps me feel relaxed. We learn different asanas, and I appreciate that we never repeat the same ones, keeping each session interesting.

Computer

I enjoy playing games, though we often focus on typing practise. I also explore painting applications during our sessions.

Social Science Report

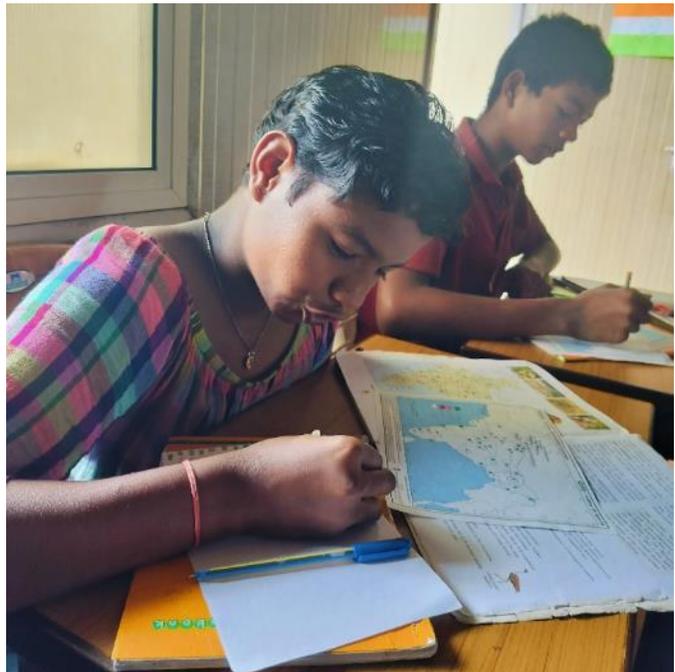

I've completed the 6th-grade History and Civics books, and we are now working on the 7th-grade Geography book. I find the material manageable, and I actively participate in group discussions. Tests are a mix of good and less favourable marks, but I always strive to improve.

Maths Report

I am currently in 6th grade maths. Some chapters, like Algebra, are new and challenging. I often seek help. I find some sums easy, while others require assistance. After completing each chapter, we take a test.

Science Report

Science is my favourite subject. I'm currently in the 7th-grade science book, where we conduct exciting experiments. I participated in a school exhibition on filtration, where I created a model and a chart. To my surprise, I won third place!

Odia Report

We practise reading, writing, and various activities. Although my handwriting needs improvement, I manage to get most words right in dictation. We also watch short moral videos, which are engaging.

Hindi Report

I am in 6th grade Hindi, where I enjoy grammar lessons. I complete exercises quickly but find lengthy bookwork challenging. We do group readings, and I enjoy writing poems, especially for Raksha Bandhan, where my humorous poem made everyone laugh.

Celebrations Report

School's Birthday

Our school celebrated its birthday on July 5th, and I performed a Bharatnatyam dance called "Chandra Chorda." We practised many times, and I felt proud of my performance.

Rath Yatra

On July 7th, I celebrated Rath Yatra, enjoying the puja and the traditional activities. We pulled the Rath and danced during the festivities.

Independence Day

On August 15th, I participated in a folk dance called "India Wale," which I learnt quickly, by missing some games periods to practise.

Raksha Bandhan

I made a Rakhi and recited a humorous Hindi poem, which everyone enjoyed.

Ganesh Chaturthi

I celebrated Ganesh Chaturthi with a dance performance, which I thoroughly enjoyed.

10th July Drama

I took part in a play about Jagannath Puri, where I was the narrator.

English Report

I am doing 6th-grade English. I love reading various books, including series like "Matilda" and "Harry Potter." We practise dictation and watch movies related to our readings. I also learnt how to write poems and participated in a drama for Jagannath Puja, where I had to memorize 21 lines as the narrator. Although I didn't win a prize, I learnt a lot through the experience.
