

Shubhra Krisani

DOB- 03-Sep-09

Report for 2022-23 (first term)

Introduction

I am Shubhra Krisani. I study in Auro-Mira Vidya Mandir. I study class 10th subjects

and would be appearing for my board exams in October 2024. I like to play basketball and I love to study here

because it is surrounded by hills and reservoir. I like to stay in a quiet place.

English

We have finished the 1st book of English course of NIOS. In English we are

learning to write letters, messages, notices, and paragraphs, as well as report writing. Now we are giving tests on the 1st book. I get good marks in the tests. In English we also do free reading. I like to read the books of Harry Potter. We also do group reading. In English we do comprehension. My spellings are

fine, but I have to improve my vocabulary.

Hindi

In Hindi I have finished the two books of NIOS. I am now revising for my exam. In Hindi we do paragraph writing, dictation and reading. We also did grammar with Poonam didi and she also did spiritual teachings. My handwriting is good. In Hindi I like to read stories of Premchand. I like

self-reading during Hindi class.

Odia

In Odia class, we do the fourth-class book. We listen to stories, sing songs, read stories and poems. We also do dictation, comprehension and do essay writing. We wrote about Sri Aurobindo and did question-answers in Odia. We had a quiz and I did well. In Odia, my speaking and spelling have improved.

Social Science

In Social Science, I am doing the 10th book. In this book I have finished two modules. I don't like to study Political Science, but I somehow passed in the tests. In tests, I normally get good marks but when I do not get 80% or more, I give a retest. In Social Science, we do question and answers and when I don't understand something, I take the help of my teacher. In History, I have only done two chapters so far. I would like to read more history of ancient civilization and kings.

Mathematics

In Maths I am doing the chapter on circles. We have Maths class for two hours. In the first hour, we have the class online with Rakesh Puri sir from Delhi and in the second hour, I do Maths from my book. I am finding the online class useful because I am able to do revision of the previous chapters. I am finding the chapter "Circles" difficult because I have to remember so many theorems. I find the chapters on lines, angles,

and triangles very easy and I can understand when our teacher explains the chapters to me. I obtain good marks in Maths.

Science

In Chemistry, I am doing the chapter "Carbon and its compounds". In this chapter I learnt to give the IUPAC name of the carbon compounds. In "Acid, base and salts", I got to know about the different types

of salts. In Biology, we have only done two chapters, i.e., "Digestion,

respiration, excretion and transportation” and “Control and co-ordination”. We have also done electrolysis. In Physics, we are doing chapter on light. In this chapter, we did experiments on proof the laws of reflection and refraction of light. I do not like Physics because my Maths is not so strong. But overall, I love the Science class.

Computers

In computer class, we do Excel, PowerPoint, Notepad, Word and Typing master. My typing has improved. Sometimes we bring storybooks and type the text on the computer. We also do painting on computers. I love to do the

computer class.

Arts

In arts class we make hanging things. In also do painting, drawing of nature, and human beings. Sometimes we do paper folding. In arts class, I pay attention and I do what our teacher tells us to do.

Music

In music I play the flute. We are learning raag Bilawal. I like to play songs on the flute. I can play solo- raags as well as songs. In flute we have learnt ek taal, teen taal, etc. I can blow on the flute properly, but I take a little more time in learning raags. I have improved my finger movements.

Dance

We do dance class once in a week. In dance we do “shuffle” and we have also learnt “street jazz”. I like to do jazz. My dance teacher is Suparna didi. I enjoy doing dance class. We sometime do classical dance like Bharatanatyam and Kathak. I had performed a dance on 15th of August.

Games

In games we do many exercises like sit-up, jumping jack etc. In games we play many games like football, basketball, and

volleyball. I don't like to play football because nobody wants to play it. In basketball I practise dribbling and shooting and I have improved my shooting. I like to run while playing. I have to improve my stamina. I love to play sports.

Shramdaan

In *shramdaan*, we do gardening, hostel and school cleaning and kitchen work. In hostel and school cleaning we clean the veranda, the groups and the hostel. In toilet cleaning we clean our

toilet, bathroom and basin. In gardening we water the plants and take out weeds from the garden. In kitchen we cut vegetables.

Celebrations

On 5th of July, we had done a play named "Ouch!". In the play I had become the Chief Minister of the king. I loved doing the play. Before 15th of August, we had many activities like

essay writing, painting, poem writing, quiz, and speech. On 15th of August, I did jazz a dance named "Vande Mataram" taught by Denis Bhaiya. On *Rath yatra*, we danced on

the road. We also did a classical dance on *Vande Mataram*. We also did a play on Sri Aurobindo. On *Raksha Bandhan*, we tied Rakhi on each other's hands. On the Teachers' day, we made the teachers play games like *anakshatra*, do solo dance and singing songs. On Ganesh puja, I did a dance with the older children on the bhajan "Sukh Karta dukh harata". On Krishna Janmashtami, I did a dance with my group on "Sri Krishna Govind Hare Muraray".
