

**SABITA JANI**

**(10<sup>th</sup> December 2012)**

**VICTORY GROUP**

**(October 2023- March 2024)**

**Introduction** Sabita finds companionship and camaraderie in her best friend Puja, enjoying their time together immensely. Her passion lies in playing football, and she has a fondness for the colour blue, finding beauty in its presence.

**Hostel Accommodation:** Preferring hostel life for its conducive environment to study even after dinner, Sabita resides in a relative's house due to the distance of her home. While her parents rarely visit, she appreciates the opportunity to focus on her studies and personal growth.

**Health and Hygiene:** Taking responsibility for her well-being, Sabita ensures cleanliness and neatness in her appearance. She adeptly manages her laundry and maintains a tidy wardrobe, always wearing clean clothes. Her self-care routine includes grooming herself with oil, enhancing her appearance for school. Before meals, she prioritizes hygiene by washing her hands and plates.

**Self-Sufficiency:** Sabita's beverage of choice is mango juice, and she enjoys potato dishes, demonstrating moderation in her food intake and minimizing food wastage. She completes her meals, taking only what she needs and occasionally opting for a second helping if desired.

**Morning Ritual:** Commencing her day with morning mantras, Sabita sets a positive tone for her classes. In the evenings, she eagerly participates in satsang, joining her friends in singing various songs, enriching her spiritual practice.

**Shramdan:** Engaging in shramdan activities, Sabita contributes to the cleanliness efforts by participating in chunai every morning. She takes pleasure in separating dirt from red lentils and other pulses, diligently ensuring cleanliness in food preparation.

## ACADEMICS

### English

Sabita has made remarkable progress in her English proficiency and now engages in conversations with her friends in the language. Despite occasional grammatical errors, she diligently strives to enhance her language skills during her free time. She derives pleasure from listening to short stories and eagerly learns new poems and songs, demonstrating a quick grasp of words when genuinely interested. Notably, she actively participated in the creation of the story 'The Poldy's Travel' with her group, thoroughly enjoying the collaborative storytelling process. Additionally, she displays keenness in learning to recognize letters and demonstrates focused concentration during class activities. While her listening skills are commendable, she requires clarification in distinguishing sounds such as 'w', 'v', and 'y'.

### Hindi

Sabita demonstrates exemplary behaviour in class and exhibits a strong interest in Hindi studies. She has successfully memorized all alphabets and shows improvement in reading skills. While she encounters difficulty in pronouncing certain words, she actively participates in storytelling sessions and enjoys narratives featuring fairies. Sabita engages with movie content, particularly moral stories, and effectively answers questions related to the material. In the play "Suraj ki Pariya," she portrayed a cloud, displaying ease in memorizing lines and contributing positively to the performance.

## Maths

Sabita demonstrates a quiet demeanour in class, often attentive and engaged during lessons. She particularly enjoys hands-on learning activities, which aid in her understanding of concepts. She has achieved proficiency in reading and writing numbers up to 100, as well as sequencing them in both ascending and descending order. While she may have experienced confusion when writing numbers before and between others, she has effectively overcome this challenge through practice and the use of visual aids such as slates.

During group activities, Sabita exhibits careful thinking and deliberation before providing answers, resulting in a high level of accuracy. She has made notable progress in mental calculations, especially with two-digit numbers combined with single-digit numbers, both mentally and in written form. Furthermore, she demonstrates patience and persistence when

tackling more complex calculations involving two-digit numbers, persisting until she arrives at the correct solution.

In terms of problem-solving, Sabita shows competence in solving word problems, although she occasionally requires visual aids for enhanced comprehension. She has also begun to explore the use of the abacus, demonstrating an ability to memorize bead positions but requiring additional practice to improve her speed in constituting numbers.

## Projects

Sabita demonstrates exceptional enthusiasm and a thirst for knowledge in her studies. She actively participates in class discussions, often being the first to raise her hand to answer questions posed by the teacher. Her engagement with the topics covered over the past few months highlights her genuine interest and eagerness to learn.

### + **Human Body Parts:**

Sabita faces challenges in learning and remembering, requiring extra support during project classes. While she can recall the names of external body parts and label them in diagrams, internal body part names are more challenging. Despite these difficulties, Sabita displays enthusiasm for learning.

### + **Birds Topic:**

Sabita learns the names of numerous bird species and enjoys learning through audio-visual methods, such as watching bird videos. She produces beautiful drawings of various birds and demonstrates the ability to recognize them in different environments.

### + Things around us

Sabita has shown a keen interest in expanding her vocabulary and understanding of her surroundings. She quickly grasps the meanings of new words and confidently uses them in context. Her artistic abilities shine through in her drawings of various objects in her environment, demonstrating both creativity and understanding.

### + Plants

In the study of plants, Sabita's progress is impressive. She has not only learned to differentiate between different types of plants, such as herbs, shrubs, creepers, climbers, and trees, but also mastered the identification of plant parts. Sabita can confidently name and illustrate plant parts, including leaves and flowers, showcasing a deep understanding of plant anatomy. Furthermore, her comprehension extends to processes like photosynthesis, indicating a thorough grasp of plant biology.

### + Food

Sabita's excitement during the food topic underscores her enthusiasm for learning. She has gained knowledge about the importance of food for the human body, including the distinction between different types of foods and their functions. Her practical engagement, such as participating in kitchen activities to prepare sweets, reflects her hands-on approach to learning. Sabita's ability to identify and classify foods, distinguish between omnivores, carnivores, and herbivores, and create a balanced diet chart exemplify her comprehensive understanding of the topic.

## CO-CURRICULAR ACTIVITIES

### Art and craft

Sabita approaches her art class with a quiet determination, producing work of impeccable neatness and precision. Her love for nature is evident in her beautifully coloured drawings, which she executes with meticulous care. Embracing activities like paper folding and cut-and-paste, she showcases a penchant for creativity and craftsmanship.

### Sense

Sabita actively engages in class activities with enthusiasm and interest. She completes her tasks swiftly and with finesse, striving for neatness and accuracy in her work. Sabita takes pleasure in both drawing and participating in sensory games, contributing actively to the class environment.

### Dance

Sabita is very good at dance and perfectly copies the steps demonstrated to her. She is quick in grasping the dance steps in a very short period of time. She is capable to dance various types of dances like Punjabi, Pahari, Sambalpuri and Kathak. In these few months she has learnt a kathak dance on the song called khula aasma. She was very excited and energetic to learn the dance.

## Puzzle

Sabita is a very quiet girl in the puzzle activity class, she prefers solving the puzzles herself. She does it with full concentration. She loves the puzzles of the clowns and animals. Most of the times she solves it alone and some time she does it with his friends. She can do the puzzles of 100 and 160 pcs of puzzles.

## Singing and drama

Sabita's favourite activity in the class is drama. She has a deep passion for acting, particularly enjoying portraying the character of a fairy in plays. Dressing up like a fairy adds to her enjoyment of the activity.

Although she takes some time to memorize her lines during plays, she excels at catching lyrics quickly, as demonstrated by her favourite song, "Kites Kites." Additionally, Sabita loves reciting poems in the class, with her favourite being "Krishna," which she learned with full attention. However, she sometimes struggles to learn new words when distracted by her friends.

## GAMES AND SPORTS

Sabita demonstrates punctuality and enthusiasm for games, independently completing exercises and particularly enjoying running activities and the chain game.

## CELEBRATION AND FESTIVALS

Diwali on 12<sup>th</sup> November was a joyous occasion, marked by the illumination of diyas and candles throughout the surroundings. Sabita found happiness in witnessing the glowing lights, adding to the festive atmosphere.

On 29<sup>th</sup> November, Sabita participated in a play where she portrayed the role of clouds, enjoying the experience of bringing the character to life on stage.

For Christmas on 25<sup>th</sup> December, Sabita embraced the role of a sheep in a play, revelling in the opportunity to wear the costume provided for the performance, adding to her enjoyment of the celebration.

On 3<sup>rd</sup> February, Sabita took part in the annual sports day festivities, demonstrating her strength and patience in performing the pyramid formation. She found fulfilment in carrying the weight of her friends and holding the formation, thoroughly enjoying her participation in this event.

Basant Panchami on 14<sup>th</sup> February was commemorated with reverence for Goddess Saraswati, with Sabita singing the song 'Hai Hans Vahini' as a tribute.

For the Mother's birthday on 21<sup>st</sup> February, Sabita portrayed the role of Radha in the play 'The Secrets of Buds,' fully embracing her character and contributing to the celebration with enthusiasm.

29<sup>th</sup> February, celebrated as the Golden Day, provided Sabita with the opportunity to engage in discussions and learn through presentations, enriching her understanding of the significance of the day.

Holi, celebrated on 25<sup>th</sup> March, was a day of enjoyment for Sabita. She indulged in various treats and activities, including purchasing bolder and omelette, as well as applying mehndi on her hands. She particularly relished playing Holi with natural colours alongside her friends, creating lasting memories of joy and camaraderie.
