

Bilanti Muduli

DOB-07-Jan-2016

Attendance-170 days out of 182 days

Report for 2024-25 (Second term)

INTRODUCTION

Bilanti is known for her cheerful demeanour and talkative nature. She loves attention from her elders and friends but tends to be delicate, often crying over minor injuries.

Bilanti likes the hostel, where she enjoys a variety of fruits and vegetables with her friends. She visits her family once a week, cherishing that time together. Her best friend is Susila, as they share their belongings. Her favourite hobby is dancing.

Always looking smart and clean, Bilanti takes care to dress neatly and maintain her hygiene. She washes her clothes and keeps her belongings organised. She loves staying in the hostel as she gets nutritious food, and once a week, she visits her family and spends time with them.

Always looking smart and clean, Bilanti takes care to dress neatly and maintain her hygiene. She washes her clothes and keeps her belongings organised. She loves

Bilanti enjoys eating **poori and vegetables, noodles, pakoda, and chow mein**. She particularly likes vegetables such as **pumpkin, soya, and bitter gourd**. She ensures her hands and plate are clean before meals and she picks up any food she accidentally drops.

During **shramdan**, she loves gardening—watering the plants, as they provide her with fruits and flowers, which she loves. She is in the group **Eubacteria** and enjoys working with them.

ACADEMICS

English

Bilanti is doing good grammar in her English class and is very fast in doing it. She writes fast and shows her works quickly after finishing it. She has a very neat and clean handwriting. She is very much interested in reading the English books in the library. She is very fluent in reading and also in speaking. She is very good at memorizing the dialogues in English. She acts very beautifully in small skits.

When she did the life story of the Mother, she had a deep feeling in her and was able to act it very beautifully. She is quick at learning the lines of a play.

Hindi

Bilanti has a good handwriting. She likes doing free reading. She can read a story with proper punctuation and fluent speed. She can also understand the story properly. She has completed doing the Gyan Sarovar book-1. She can do the question and answers properly with correct sequence. She completes her homework on time and can remember the concepts easily. In grammar she has done the chapters bhasha and ling. She has done the questions and answers of the chapters. She has remembered the definition of bhasha and ling. She also likes

to listen to stories.

Math

Bilanti has learnt many number-related concepts, such as number breaking, before/after, expanded form, addition, and subtraction. She is in Class 2 and is currently solving questions from her textbook. She frequently approaches her teacher to clear her doubts.

She has also learnt the multiplication of two-digit numbers with one-digit numbers. Bilanti can recite all the multiplication tables from 2 to 9 fluently, with only a few mistakes.

In the past few months, Bilanti has also learnt carryover, borrowing, and the concept of time. She can easily and correctly solve carryover questions but makes silly mistakes in borrowing two-digit numbers. In the concept of time, Bilanti can show given times such as 12:45, 8:40, half past 12, half past 6, and 5:00. She enjoys working with the concept of time.

Bilanti likes to play sticks game, Othello and dice games. She has also learnt new games called tara and monopoly.

Project

Bilanti liked the house topic the most as she got to make a house with her own hands and she enjoyed it a lot. After the animals topic she did the book of living science class 1 and read it and did the questions by herself.

Houses: This topic was very enjoyable for her. She liked this topic as she likes the houses where she lives very much. She made the drawing of different types of houses and learnt about the different houses in different places. Also, she made a house using bamboo sticks and straw.

She had gone to the village to see the houses and the material the houses made of. There she learnt about kachcha house and pukka house, and is now able to tell the difference between them.

Animals: As this was a repeated topic she learnt quite fast. She learnt about the food habits of animals, and how the animals breathe, what are their breathing organs called, and she made drawings of the different types of animals. Learnt the difference between domestic and wild animals. She was very happy learning about animals.

CO-CORICULAR ACTIVITIES

Art and craft

Bilanti has a strong interest in art and enjoys creative activities. She has learnt to make stars, owls, and honeybee, warm and cool colours drawing. She loves playing with colours and experimenting with different designs. She also enjoyed making leaf-paste birds and flower cutting, showing great enthusiasm in her work. Currently, she is learning to make animals with clay, which she finds very exciting. Bilanti concentrates well in class and puts in great effort to improve her artistic skills.
