ACADEMICS

English

Bilanti is a focused and inquisitive learner with a genuine interest in learning English. Although she has recently been

experiencing frequent illnesses, she actively engages in classroom activities. She initially speaks in English but often transitions to Hindi due to her limited vocabulary. Her speaking skills slightly lag behind her listening skills. Bilanti can comprehend stories presented in class and respond to questions about them. She occasionally faces pronunciation challenges, particularly when pronouncing certain sounds, like "sh." Despite this, she works hard to improve her articulation. Her memory is strong, allowing her to memorize dialogues, poems, and songs with ease. Bilanti often participates actively during the singing of songs and recitation of dialogues. On Sri

Aurobindo's birthday, she participated in a creative movement based on Sri Aurobindo's poem "WHO." Learning the stanzas proved challenging, but Bilanti put in considerable effort to master them. During Ganesh Chaturthi, Bilanti performed in a drama titled "Ganesh and the Moon," portraying the character of a snake. She required some time to memorize her dialogues with correct pronunciation. However, she delivered her lines expressively during the drama.

Hindi

Bilanti enjoys listening to stories. She actively participates by answering questions related to the stories. On some days, she creates drawings and invents her own stories, displaying creativity. Bilanti has learned the alphabet and can recognize (swar) clearly, but she faces some challenges in pronouncing certain consonants, such as (ka, kha, ga, gha). However, she diligently repeats the sounds, which helps her improve. Bilanti has learnt new songs and enjoys singing, quickly memorizing the lyrics. She is enthusiastic about learning new things in the class.

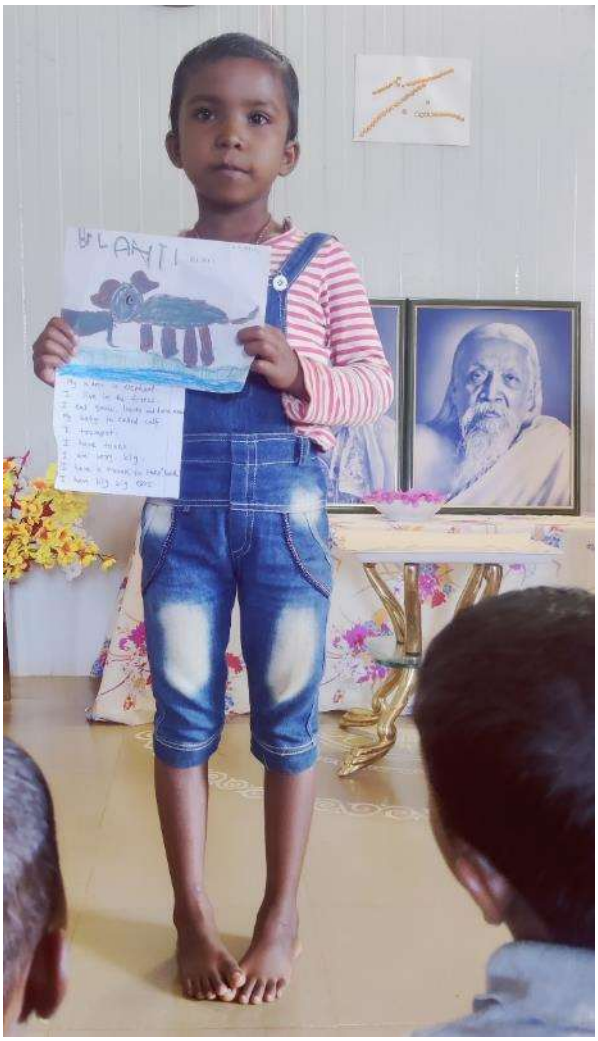
Maths

Bilanti demonstrates a good understanding of mathematics. She excels when engaged in hands-on activities with objects and quickly grasps concepts even with occasional irregular attendance. Bilanti exhibits a keen interest in geometry, enjoying the exploration of shapes using Rangometry. She displays proficiency in

two-digit addition and subtraction, though she may occasionally require materials like bundles for larger numbers. She actively seeks clarification when encountering difficulties. Bilanti's skip counting skills have improved, and she is capable of solving word problems, often requiring visual aids to aid in comprehension.

Project

Bilanti is a focused and attentive



student who effectively retains information taught in class. Although she is occasionally distracted by her friends, she excels in her studies.

Animals

In the Animals topic, Bilanti displayed a strong understanding of various aspects of animals, such as their names, habitats, offspring, physical characteristics, diet, and their role in assisting humans. She confidently presented information about animals in the assembly and effectively differentiated between domestic and wild animals.

Festivals

For the Festival topic, Bilanti learned about a variety of festivals, including those

celebrated in her village and at school, as well as national festivals. She enjoyed listening to festival stories and watching videos. Her knowledge extended to the names of gods and goddesses associated with these festivals.

National Symbols of India

In the National Symbols segment, Bilanti explored India's national symbols and learned about significant figures like Mahatma Gandhi and Jawaharlal Nehru. She created drawings of the national flower, bird, tree, and flag and gained an understanding of the reasons behind their selection. She also learned about the importance of the colours of the national flag.

Transportation

In the Transportation topic, Bilanti gained knowledge about various types of vehicles, the invention of the wheel, and different modes of transport. Although she initially found it challenging to differentiate between various modes of transport, she eventually comprehended the distinctions. She also acquired knowledge about vehicle components, storage locations, and the roles of drivers. Bilanti learned about road signals and enjoyed playing with toy vehicles made from cardboard.

CO-CURRICULAR ACTIVITIES

Arts and Crafts

Bilanti engages enthusiastically in all art class activities, which encompass drawing, colouring, paper folding, and collage. She exhibits remarkable skills in paper folding, creating items like lions, boats, boxes, and more. Bilanti is known for her independence and diligence in the classroom.

Dance

Bilanti took pleasure in performing "Twinkle Twinkle Little Star" for Ganesh Chaturthi. She also enjoyed dancing to "*Desh Rangila*" for Independence Day. While she may need some repetition to learn the steps, she actively engages in dancing.

Puzzles

Bilanti has a strong liking for puzzles and consistently arrives on time for class. She prefers solving puzzles independently and is skilled at

completing 100-200 piece puzzles. Bilanti is notably focused during puzzle activities and conducts herself with respect and silence.

Drama and singing

Bilanti has an interest in learning new songs. She can pronounce the sentences of the song after the teacher properly. If she is told to tell the lines individually, she gets nervous, but she still tries to tell the line. Her favourite song is the " Neem, Peepul, Banyan " song the most. She learnt the song very fast. She repeated the lines of the song "*Jahan Daal Daal Par Sone Ki Chidiya*" and "Imagine" and learnt the lines. She was able to catch the lines of the Krishna poem fast and also performed on it.
