Kiran Bishoi

DOB- 15th May'19

Attendance- 149 out of 183 days

Report for 2023-24 (First Term)

INTRODUCTION

Kiran is neat and clean when coming from home but sometimes struggles to concentrate in class and occasionally falls asleep. He has a deep love for dancing and singing, and his cheerful demeanor often leads to laughter.

CHANTING AND SINGING

During circle time, Kiran is attentive and focused during chanting. He has learned several chants and continues to do so daily. He confidently sings alone and has learned songs like "Incy Wincy Spider," "Chi Chi Chidia," and "Hatti Aaya Jhumke."

MATHEMATICS

In math class, Kiran is working on counting up to 30 but can confidently count up to 20. However,

he gets confused when counting higher numbers. He enjoys collecting stones, leaves, and twigs for counting and also plays games during math class.

PROJECTS

Kiran's project started with vegetables, where he learned songs and their tastes. He also made drawings of vegetables and has now transitioned to fruits. He's currently learning songs about fruits, identifying their names, tasting them, and actively making fruit puppets.

CELEBRATIONS AND FESTIVALS

Kiran actively takes part in school programs, confidently singing songs and participating in dramas, dances, and other activities. He has performed in the drama "Chi Chi Chidia" on 5th July, danced, and sang with his group mates on Ganesh Chaturthi, and sang on 15th August.
