

LAVANYA GOUDA

2021-22

DOB- 23rd September'13

Math:

She happily learns everything during the math activities. She very recently joined school. But within a few months she has shown good progress. She is able to do forward and backward counting very well and also solve word problems of one-digit. Sometimes she mixes words of the tribal dialect while speaking in Hindi but when she is told the correct word she remembers it and applies

it next time. She takes time to understand the new concepts. She needs special attention to learn the concepts properly. Now she has started doing two digits addition, subtraction, and skip counting by twos and threes, very well. While solving the problems, she does it mentally, she needs help in understanding the question.

Project:

pictures of vegetables and learnt how to colour. She helped the group to make vegetable chart. She also learnt a vegetable song. She took time to remember her dialogue for vegetable presentation. During presentation she was a bit nervous but was loud and clear. Her favourite vegetable is potato. She learnt the names of the animals and made animal chart with her friends. She learnt how to make animals with clay and gave beautiful colour to it.

Lavanya is a new student in smile group. In the beginning she used to sit quietly. She didn't know English and Hindi so she would hesitate to speak in the class. But she tried to speak as much as she knew. She took time to understand the concepts that were being taught and took time to remember. She learnt how to draw the

English:

During class time she sits quietly and listens but sometimes she doesn't concentrate. She doesn't speak much during the class but tries to speak in English. She faces difficulty in pronouncing some sounds and words. She listens to the stories carefully. She faces difficulty in creating stories and needs guidance. She takes time to

recognise the letters. She has improved in making drawings. She takes interest in learning songs and sings them. On The Mother's birthday her group had performed a drama 'the sun moon and wind'. In this drama she had taken the role of second sun. She faced a lot of difficulty in learning her dialogue.

Hindi:

She has learnt the vowels of the Hindi alphabet. It was difficult for her to learn but she gave her full concentration in the class and learnt it. She is able to find the letters and the sounds, and she is very clear with the vowels. She gets nervous while speaking in front of all her friends. But when something is asked, she speaks it

loudly and in a clear voice. She listens to didi very carefully. She is very interested to learn; she tries a lot.

Art and craft:

She can draw flowers, birds, and river. Her way of colouring is very good it also looks very good.

Games:

Lavanya reaches the field on time. She does running properly.

Lavanya is physically not very strong but enjoys playing games. When the children are asked to choose the game which they want to play, Lavanya also gives her opinion but she's happy with whatever the majority of the children choose to play. She tries giving her best while playing any game. She loves playing (apple apple Banana) fun game. She is a very energetic girl. She has a flexible body in yo gasana. She can do spilt, Pachimma uttasana, Nataraj posture etc.

Programme:
