

# Abhipsa Rana

DOB-14<sup>th</sup> November'14

## Report for 2023-24 (Second- term)

**Mathematics-** Abhipsa has made significant progress in mathematics. She is

always seeking to learn new concepts. She has completed many chapters from 4<sup>th</sup> grade book which are done in the group activities. Abhipsa's consistent practice of maths concepts has strengthened her clarity. Now she needs to feel free to ask questions where she feels a lack.

In concepts of fractions, Abhipsa demonstrates a good understanding. She is proficient to write fractional number dividing shapes in equal parts and can recognize numerator and denominator. She can differentiate between like and unlike fraction, proper, improper and mixed fraction. She confidently arranges unit fractions and like fraction in ascending and descending order. Through fraction games, she has learnt converting improper to mixed numbers. Initially it was challenging for her to simplify, she is now quite confident in it. Furthermore, she is able to solve

addition and subtraction of fractions.

**Projects-** She is a bright and intelligent girl. She is active during class and pays attention while the teachers teach. She is also a curious and talented child; when the teachers teach, she asks a lot of questions when she doesn't understand. She made a model of a cycle with the help of cardboard and her friends. She learned about the invention of the cycle and its history. She was really fast at naming the parts of the cycle and showing the different parts of it. She is able to ride a bicycle by herself. She has made a beautiful story and poem about a bicycle.

Abhipsa demonstrated remarkable enthusiasm and diligence in learning about the concept of time. She actively participated in group discussions and asked insightful questions related to the topic. Through her hard work and determination, she acquired knowledge about the invention and history of clocks, including their various parts and functions.

During the project, Abhipsa conducted observations, such as measuring the duration of her class, which not only enhanced her understanding of time but also instilled in her the importance of punctuality. By creating models of different types of clocks, such as the

water clock, sundial, and sand clock, she gained practical insight into how time was measured in ancient times.

Abhipsa's decision to focus on the sand clock as her model further deepened her understanding of timekeeping devices. Through this project, she not only expanded her knowledge but also learned valuable lessons about the significance of arriving on time. Overall, Abhipsa's dedication and engagement in the time topic reflect her commitment to learning and personal growth. : Abhipsa exhibits a bright and inquisitive nature, consistently displaying enthusiasm for learning new concepts. She demonstrates a remarkable ability to identify flowers, even those previously unfamiliar to her, after observing them in the garden. When tasked with drawing her favourite flower, Abhipsa showcased her artistic talents. Additionally, she meticulously writes answers to questions, benefiting from her neat handwriting and excellent memory, which facilitate her studies.

**English-** Abhipsa is a sweet and attentive student who pays full attention in class and comprehends instructions well. While she needs improvement in her handwriting, she speaks English clearly and reads fluently. She enjoys creating stories, writing essays, and watching moral stories. Abhipsa has completed the first book of grammar and portrayed the role of the narrator in the play "In Search of Riches."

**Hindi-** Abhipsa is an exemplary student, displaying attentiveness, intelligence, and a profound interest in learning.

Her ability to read fluently with impeccable pronunciation and comprehension reflects her dedication to mastering literacy skills. She exhibits a strong inclination towards self-reading, which further nurtures her passion for literature.

During weekly group reading sessions, Abhipsa's proficiency in reading is evident, although her swift pace occasionally leads to restlessness compared to her peers. Despite this, her participation enhances the overall learning environment. Moreover, her emerging writing skills are characterized by legible handwriting, showing promise for further development.

Abhipsa's spelling abilities shine during dictation exercises, showcasing her aptitude for accurate word recall. Notably, she has recently embarked on a journey of independent study, completing books such as "Gyan Sarover" and "Abhyash Pustak." Her proactive approach to reading, coupled with her adeptness in comprehending and answering accompanying questions, demonstrates her intellectual prowess.

Additionally, Abhipsa has successfully completed "Gunjan Book 2" and performed admirably in the associated assessments. Her consistent performance highlights her commitment to academic excellence. Furthermore, her ability to memorize and recite a song for 25<sup>th</sup> December exemplifies her remarkable memory and dedication to extracurricular activities.

In preparation for bookmaking on 21<sup>st</sup> February, Abhipsa exhibited her creative flair by composing a captivating story, showcasing her imaginative prowess. Her ability to weave engaging narratives underscores her potential as a budding writer.

**Odia-** Abhipsa has excellent listening skills.

She consistently sits properly, and her speaking has improved significantly. She quickly grasps new concepts, and her fundamentals, including counting and alphabet, are clear. She forms sentences nicely, remembers body parts in Odia, and confidently tells Odia stories. She enjoys listening to stories and watching movies.

**Arts and crafts-** Please refer to the group report.

**Shramdan-** Please refer to the introduction of the group report.

**Games-** Abhipsa is a skilled athlete who excels in a variety of sports. During her games, she displays impressive speed and flexibility, particularly in yoga. Her stamina has improved, and she has great coordination with her teammates,

demonstrating strong ball-passing and catching abilities. Additionally, she has

excellent body control while playing. While she gets emotional during ball-related games, Abhipsa remains focused and determined. On sports day, she specializes in gymnastics and practices enthusiastically for the event.

**Puzzles-** Finds puzzles easy and enjoys doing them independently. Can complete 300-piece puzzles alone and prefers princess, world, and car puzzles. Comfortable with difficult puzzles and can tackle them effectively.

**Celebrations-** Please refer to the group report.
