

Abhipsa Rana

DOB- 14-Nov-14

Report for 2022-23 (First term)

Mathematics

Abhipsa takes interest in mathematics and she has a good memory. She sits properly and listens carefully in class. She has learnt 3-digit carryover addition and borrowing subtraction and place value. She likes to make her own word problems. She has started writing in the notebook and her handwriting is very neat and clean. She is able to write 3-digit numbers in expanded form, after, before and between numbers and can arrange in ascending and descending order. If she gives wrong answer repeatedly in

discussion time, she gets sad. She knows the use of symbols ($<$, $>$, $=$) and their names. She enjoys playing multiplication games.

She knows the multiplication table till 10 properly.

Projects

She is an enthusiastic child. While learning about fruits in the topic of 'Seasonal Fruits', she has made an orange and filled it with colour very neatly. She participated in the fancy dress show and her role was of an orange. She spoke very fluently in front of the audience. She learnt that fruits should be washed before eating. Her favourite fruit is mango and she has a mango garden at home. In summer season she loves

eating mangoes.

She was interested in learning about health and hygiene, while doing the topic. She was more interested in learning about the health of the external parts of the body and ways of maintaining it. She also learnt the preventions from some diseases. During the discussion time of 'How to clean our body', she spoke very little. In the class, she learnt the ways of cleaning the different parts of the body. Each child had taken different

body parts and Abhipsa had taken 'How to clean our nails?' She made a picture about how to clean the nails and coloured it by herself. She enjoyed making the drawing and colouring it. She

was happy to know about 'Health & Hygiene', but she was keen to learn more. After their topic was over, they shared what they had learnt with other children too. They said a few lines on

health and hygiene of each part of the body and ways of cleaning them. She spoke the lines very fluently and clearly by showing the beautiful drawings she had made. She did many activities while doing the project on 'My body'. Some such activities were

drawing and colouring them, watching video and also going to the Science lab to see the skeleton. She watched a beautiful video on 'My body' and she liked the video very much as she learnt many things from the video about internal and external body parts and their functions. From the video she liked the

scene of the heart and the brain the most. She learnt how the

heart pumps blood and how important it is. She also learnt how the brain functions. She made the drawing of brain and coloured it with some help. She went to the Science lab to see the model of the human body skeleton which was hanging and she counted the joints and also the bones. She knows the names of all the external body parts and some of the internal organs of the body. She sits properly and listens to the teachers

when they are teaching. She asks questions whenever she has a doubt.

English

Abhipsa is a sweet girl and likes to sit near the didis, during the class. As she has a good memory, she learns the songs and poems very fast and can remember them properly and sings the songs and recites the poems very well.

She also loves listening to the stories told by the didis. For Ganesh Chaturthi her group had done a play on Ganesh where she had played the role of an *Asura* called '*Devantak*'. She learnt the lines very quickly and easily. In the performance, she could have acted better. While enacting plays she needs to open up and build up some confidence and play the role without feeling shy. When they

were taught Hymn to Durga, she was very quick in memorising the lines and also sequence of the stanzas. In this class of singing and drama, she likes to sing songs and recite poems like '*Invitation*' by Sri Aurobindo because she

finds it easy to memorise anything that is taught.

Hindi

She is an intelligent and attentive girl. She takes a lot of interest in learning whatever is taught in the class. Her group has learnt many songs. While learning songs, she is always the first girl to learn and memorise the lyrics properly. She loves solo singing in the class and sings with confidence. She has learnt the alphabets with the 'matras', She is clear about them and can recognize and also can

read words with different matras. Initially she was confused with some of the 'matras' but overcame it very soon. She has started reading short stories with easy words and having few lines. In

these 6 months she did many of the plays and enjoyed practising and performing them all. In the play which her group performed on Janmashtami, she played the role of Lord Vishnu. She

learnt her dialogues in no time and memorised them very well.

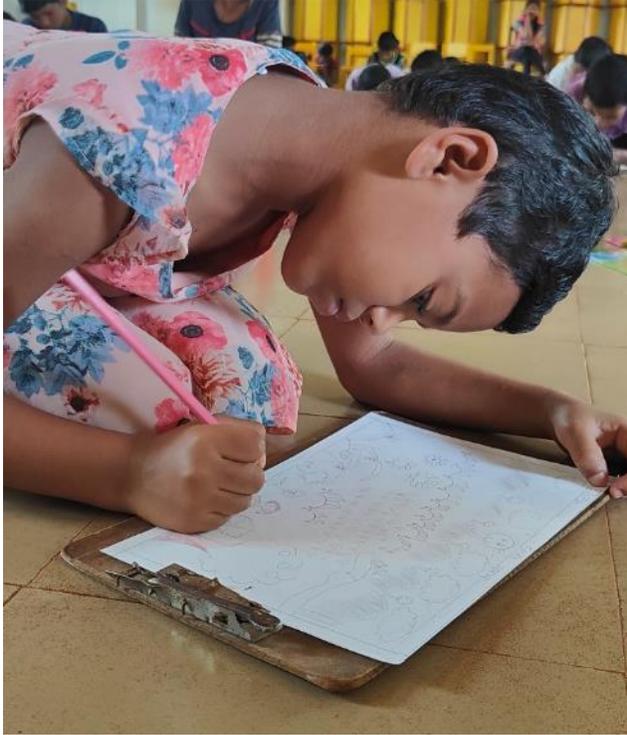

This was her first play that she did in Hindi and she was very good at it. In the play which they performed on the Ganesh puja, she was given the role of Chandrama (Moon). She had many dialogues but this was not a problem for her as she learnt them quickly and memorised them. While performing she spoke confidently in a loud and clear voice with proper pronunciation.

Arts and Crafts

Abhipsa is a cute and polite girl. She is very friendly with everyone. She is an obedient and cheerful child; she always has a smile on her face. She learns everything that is taught, very quickly. She is focused all the time while doing her work and when she can't understand something,

then she asks her teacher again. She is very good at drawing, she also listens to the instructions very carefully. In cutting and pasting, she needs help. She has no problem in pencil shading. She is very good at making puzzles. She loves to draw objects from the nature. She has drawn a tree with pink flowers on it which is looking very beautiful. She was also very excited after making this beautiful painting. She has also drawn butterflies in

another painting. She has drawn 12 small butterflies and beautifully coloured them orange. In another painting of hers, the violet flowers on a creeper, are looking beautiful as they are perfectly coloured. While making this painting, she took time to complete her work as she wanted to bring perfection in her work.

Games

She is an active child and reaches on time for games. She participates in all physical activities and is very enthusiastic. Her body has a good flexibility. She can balance well while doing yogasana.

Her favourite asana is the wheel pose and she does it very well.

She does all the exercises sincerely and is very active during games time. She tries splitting and stretching exercises consciously. She has a supple body and learns everything with ease. She loves

playing football and tries to give her best in the game while playing.

Celebration
