JYOTISH GOUDA

DOB- 11th October'13

Attendance- 146 out 183 days

Report for 2023-24 (First Term)

INTRODUCTION

Jyotish now is liking coming to the school as he rarely takes holidays. He likes spending time with his friends and answers in the class if asked.

Hostel Accommodation: He does not stay in the hostel and comes to the school from home every day. He likes staying at home with his family.

Hygiene: He comes to school by looking neat and clean. Most of the time his hair is oiled and even combed. But still he is told to take a bath in the school

again and change his clothes and return back the new clothes while going back home.

Self-Sufficiency: He happily eats whatever food is served in the kitchen. He rarely thinks of wasting food. Before eating he cleans his hands and plate with prill. He sits properly in a line while eating food.

Morning Ritual: Before starting the class he sits in a circle for doing some chants. He sits properly with his eyes closed while doing chanting.

ACADEMICS

English

Jyotish is respectful towards teachers and peers, showing a keen interest in learning, listening to new stories, and engaging in activities. He tries his best with classroom assignments, such as drawing and storytelling. He enjoys listening to stories from picture books, which enhances his vocabulary. Jyotish creates his own stories from pictures and participates in plays such as "Because a Little Bug Went Kachu" and "The Enormous Turnip," portraying a narrator in both. He has learned a song, "One Proud Peacock," and five paragraphs of "Who" by Sri Aurobindo. For Ganesh Chaturthi, he played the role of people in the play "Ganesh and the Moon."

Hindi

Jyotish loves listening to stories and occasionally creates drawings and stories of his own. While forming sentences can be challenging, he actively attempts to speak in front of his friends. He has learned the alphabet, and though recognizing (swar) can be challenging, he can identify all the consonants quite well. He can also think of words starting with particular letters. Pronouncing some consonants, like (ga and gha), can be difficult, but his attentiveness in class has aided his learning. Learning new songs and their lyrics has been more challenging for Jyotish, but he enjoys singing them.

Maths

Jyotish is an intelligent and promising student who has displayed a keen understanding of the concepts taught in class, despite having taken a long break from school. He has made significant progress in various areas of mathematics and is confidently capable in multiple aspects.

In terms of numerical skills, Jyotish excels in forward and backward counting up to 1000. He demonstrates a clear comprehension of numbers that come after and before a given number. Impressively, he can perform skip counting by 2, 3,

4, 5, and even 6. He can also add single-digit numbers to both single and two-digit numbers with rare errors, typically occurring when he is exceptionally focused.

Furthermore, Jyotish possesses the ability to subtract single-digit numbers from both single and two-digit numbers with ease, showing strong mental math skills. His problem-solving aptitude extends to word problems, which he can grasp and solve effectively. Jyotish is also adept at distinguishing numbers up to 100.

In the realm of geometry and shapes, Jyotish has learned to recognize various shapes, including rectangles, squares, triangles, circles, and semi-circles, and has a solid understanding of their properties. He can identify these shapes in his surroundings and provide examples when prompted.

While Jyotish has shown remarkable progress and aptitude, he is encouraged to work on improving his ability to sit attentively and concentrate in class. Although he can answer most questions correctly, enhancing his focus will further enhance his learning experience and academic performance.

Projects

Jyotish is a focused and attentive student who effectively retains information taught in class. He is skilled at differentiating between domestic and wild animals and participates actively in class.

Animals

In the Animals topic, Jyotish demonstrated a strong understanding of various aspects of animals, such as their names, habitats, offspring, physical characteristics, diet, and their role in assisting humans. He confidently presented information about animals in the assembly and created impressive drawings. His knowledge extended to effectively differentiating between domestic and wild animals.

Festival

For the Festival topic, Jyotish learned about a variety of festivals, including those celebrated in his village and at school, as well as national festivals. He enjoyed listening to festival stories and watching videos. His knowledge included the reasons for celebrating festivals like Ganesh Puja and Janmashtami, as well as other festivals.

National Symbols of India

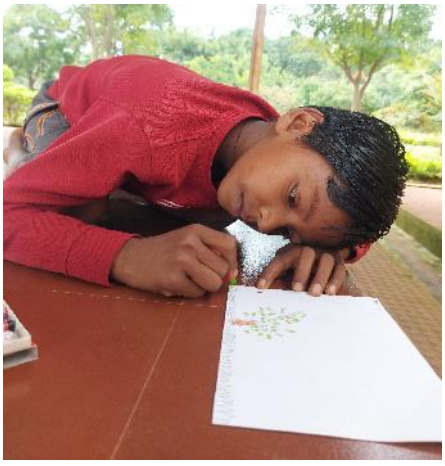
In the National Symbols segment, Jyotish explored India's national symbols and learned about significant figures like Mahatma Gandhi and Jawaharlal Nehru. He created drawings of the national flower, bird, tree, and flag and gained an understanding of their importance. He also learned about the significance of the colours of the national flag.

Transportation

In the Transportation topic, Jyotish acquired knowledge about various types of vehicles, the invention of the wheel, and different modes of transport. He effectively differentiated between different modes of transport and various types of vehicles. Jyotish created drawings of vehicles and learned about their components. He also acquired knowledge about vehicle storage and the roles of drivers, as well as road signals.

CO-CURRICULAR ACTIVITIES

Arts and Crafts



Jyotish prefers imaginative drawings, often depicting nature, towns, cars, and buildings. He also dabbles in paper folding, where he gives his best effort, although he faces some challenges. Painting, while enjoyable, takes a back seat to his passion for paper folding and drawing.

Dance

Jyotish enjoys dancing but can encounter challenges in picking up the steps. He is eager to dance and performed "*Desh Rangila*" for Independence Day. For Ganesh Chaturthi, he danced to "Twinkle Twinkle Little Star." He prefers to observe the teacher's movements and copy them.

Puzzles

Jyotish enjoys engaging in puzzles alongside his friends, favouring 200-piece panda bear puzzles. He maintains a strong interest in puzzle classes and quietly works on his puzzles. His commitment to puzzles contributes positively to the learning environment.

Drama and singing

Jyotish likes to sing all the songs. If he is in a good mood, he sings loudly, and his pronunciation is clear. He liked the "Neem, Peepul, Banyan" song the most. He was able to catch this song fast. He had difficulty catching the "Imagine" and "*Jahan Daal Daal Par*" song, but after he told the lines alone, he was able to catch the lines. He had difficulty catching the words of the "Who" and “Krishna” poems, but after repeating, he got the lines. He also performed on the Krishna poem. He likes to dance. He liked the "Twinkle, Twinkle Dance" the most. He can get the steps after repeating them.

GAMES AND SPORTS

SHRAMDAN

He is unable to join in doing the shramdan but he cleans his group by brooming and once in a week he does toilet cleaning with his whole group.
