

Anushka Gouda

DOB-03-Oct-2016

Attendance-173 days out of 182 days

Report for 2024-25 (Second term)

INTRODUCTION

Anushka is a very sweet girl who always has a cute smile on her face. Her best friend is Prabhu, and she loves playing with him. She is also very close to Puja, as they help each other with their work. They share their goodies and other things with each other. Her favourite hobby is reading storybooks.

Anushka loves staying in the hostel because she gets along well with her friends and has the

opportunity to engage in more activities and studies. She takes care of herself by washing her own clothes, and after they dry, she folds them neatly and keeps them arranged in her cupboard.

Before having her meals, she has developed the habit of cleaning her hands and plate before eating. She takes only as much food as she needs and goes for a second serving if she wants more.

She loves eating vegetables like green leafy vegetables, ladyfinger, drumstick, banana fibre, and onion, as well as fruits like banana, apple, grapes, orange, and cherry. She also enjoys dishes like poha, seviyan, noodles, porridge, upma, and fried rice. She sits with her classmates during meals.

She is in the **shramdan** group *Protista*. She loves watering the plants and cleaning the boys' hostel in the morning. She enjoys working with the children in her group.

ACADEMICS

English

Anushka is very eager to read new storybooks having good pictures. When reading was started,

she was reading fluently but in between as her concentration is less, she got down in reading. But gradually she is improving again. She enjoys reading in the group and asks questions in between the story. When she reads, she can understand the stories and she asks the meaning of the words if she doesn't know. She does copy writing of one page every day from my G, K, H, books for better handwriting. She can make sentences by using homophones. She tries to speak in English in the class. Before writing, she learnt how to write the letters correctly and that starting of the sentences should be capital letters and at the end of the sentences she puts full stop. She has started doing 'good grammar' book second and also does the comprehension book of second class. She takes dictation of the words in which

she gets a few words correct. She gets to play language games like speller, arranging the words and forming sentences.

Hindi

Anushka focuses on her reading and retention. She has an enthusiasm for learning. Anushka can remember all the concepts learnt in the class. She is working on her handwriting. She quickly

completed Gyan Sarovar book-1. She understood and remembered the concepts how to do the answers in a sequence. In grammar she has learnt the chapters bhasha and ling. She has remembered all the concepts in the chapter bhasha. She can

convert all the ling to their opposite lings. She has interest in all the things that we do in the class. She has a good speed of reading the stories with understanding.

Math

Anushka is a bright and attentive student who actively participates in classroom activities. She is highly engaged when lessons involve interactive elements, group work and hands on activities. While she excels in understanding maths concepts, she tends to feel sleepy when maths is being taught on the blackboard.

Anushka eagerly learnt about time and calendar concepts. She found it fascinating to understand how time worked and enjoyed drawing clocks.

With confidence, she could show the correct time on a clock. However, sometimes she felt a little confused when answering questions about the number of days in a week or a year. Despite this, she showed great progress and was able to convert weeks into days and years into months with ease. Her curiosity and enthusiasm for learning helped her improve each day.

She grasped the names of non-standard units such as handspan, cubit and foot span. She enjoyed measuring different objects.

Her estimation skills were quite accurate, and she could find the difference between an estimated measurement and the actual one. She is learning how to draw line segment using a scale, carefully marking the correct length and is able to explain where we should use metre and centimetre.

She quickly solved carryover addition and borrowing subtraction, both mentally and in written form. In her evening class, she learnt further about shapes and patterns. She could easily identify standing line, slanting line, sleeping line and curves. She completed the Grade 2 book before her peers.

Anushka's favourite maths games are maths puzzles, ludo, snakes and ladders and many other games. She likes to play all kinds of games that are introduced to her.

Project Anushka is an intelligent and attentive child. She is bright and is confident in what she is saying. She answers all the questions in the class and loves doing her question answers from the class 2 book of living science. She was one of the first to finish the living science book 1. She was very happy. While she was doing the topics, she liked the house topic the most as she got to go to the village and see the different types of houses.

Houses: In this topic she learnt about the different types of houses and she made the drawings of the different types of houses in different places. She learnt about the things required to make a house. Later she built a small bricks and mud house and liked it as she had built it herself. She had gone to the village to see houses and of what materials they are made. She learnt to differentiate between a kachcha house and a pukka house.

Animals: Anushka had done this topic earlier also, so it was easy for her and she learnt a lot of new things in this topic; like how do different animals breathe, which organ they need for breathing, about the animals that lay eggs and the animals which give birth to babies. She even learnt about the carnivorous, herbivorous and omnivorous animals and made their drawings.

CO-CORICULAR ACTIVITIES

Art and craft

Anushka enjoys art and participates with enthusiasm in every activity. She has learnt to make stars, honeybee, owls and warm and cool colour drawings. She also enjoyed making leaf-paste birds. She learnt flower cutting. Currently she is learning to make animals with clay. Anushka is improving her skills in art.

Dance

Anushka is learning classical dance and enjoys it a lot. She performed beautifully to the song chamka charani mein tara during charismas. She is learning the Sambalpuri dance to the song gunjru gunja. She has a deep love for both classical and folk dance. She tries to make her movements graceful. She picks up the choreography well. Anushka is dedicated to her practise and continues to improve her skills. She is good at dance and shows great enthusiasm in every session.

Puzzle

Anushka was the volunteer of her group. She sits quietly while doing the puzzles. While fixing the pieces she always concentrates and helps her friends. She loves to fix puzzles with her friends. She did the 500 pieces puzzle of nature and finished the puzzle within some days.

Singing and drama

Anushka's favourite song is tanda nana. She likes to sing and do dramas by learning the dialogues quickly. She is very interested in listening to stories by asking many questions.

GAMES AND SPORTS

Her favourite game is football, as she loves running and taking the ball from others while playing. She enjoys playing games because she wants to get stronger. She concentrates for a while before doing some joint and running exercises. After warming up, she starts playing games and completes all her exercises properly.

She plays various games, including minor games such as **ice and water**, **rani kabaddi**, **kabaddi**, **hide and seek**, **chain game**, **dodgeball**, **pakdam pakdai**, **kho kho**, as well as **football and base-kickball**. She tries to reach the field on time, and after a few minutes of concentration, she starts her games with warm-up exercises.

CELEBRATIONS AND FESTIVALS

- On 29th November, she performed in the play *The Three Little Pigs* and played the role of the third little pig. She really enjoyed her role.
- On 25th December, Christmas was celebrated, and she performed a dance and sang the

song *Mary, Did You Know?* She enjoyed the performance.

- On 13th January, the Annual Sports Day was celebrated. She took part in the circus act, performing on stilts and juggling. She also participated in **yogasana** on this special day. She enjoyed performing, as her parents and other people from her village had come to watch the programme.
- On 2nd February, she sang the song *Saraswati Mata Jai Hai Jag Janani* with her entire group. She especially

liked the song when the flute was played in between.

- On 21st February, she celebrated *the Mother's Birthday*. She participated in two plays, playing the role of a **sadhak** in one and a little girl named Priti in the other. She enjoyed acting the playing of football in the play.
