

Madhurika Gouda

DOB-26-Oct-2016

Attendance-177 days out of 182 days

Report for 2024-25 (Second term)

INTRODUCTION

Madhurika is studying in the Unity Group. She lives in a small hamlet called Girlaguda. She belongs to a joint family with eight members: her grandfather, father, mother, four sisters, and herself. She doesn't have any brothers.

Her grandfather is a shepherd, and both her parents are farmers. Her eldest sister, Lokavya, helps her parents in farming and with household

work, while all her other sisters are studying at Auro-Mira Vidya Mandir. Her elder sister Lavanya is in the Receptivity Group, her younger sister Manisha is in the Peace Group, and the youngest,

Manini, has started coming to the school this year only and is in the Smile Group.

SINGING

Madhurika sings loudly and clearly. She learns the songs very fast and also helps her friends to remember the lyrics. She is very active in the class and always pays attention during learning the song. Her favourite song is Kisi Ki Muskurahaton Pe. She always wants to sing this song.

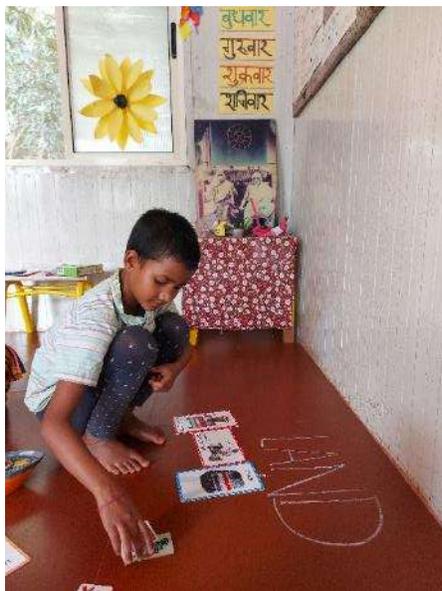

PROJECTS

Occupation

Madhurika learnt about different occupations and their importance in society. She was able to recognize various community helpers through pictures. She actively participated in drawing activities, using books and teachers' guidance when needed. She also spoke about different helpers during the small presentation. Through this activity, she understood the roles and contributions of various workers in daily life.

Water

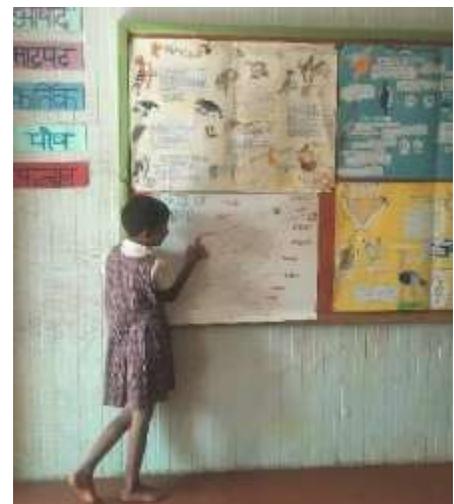

Madhurika enjoyed the water topic.

She loved playing with water and doing activities of water. She learnt about the three states of water and could explain it clearly. When question is asked, she could answer. She learnt the differences of fresh and brackish water and could explain it. She also learnt how we could save water and how important water is in our daily lives. She liked making drawings of the sources of water and storage of water. She pays attention when learning new concepts. She is doing very well and

also enjoying it.

Birds

Madhurika was very excited to learn about the birds. She enjoyed the early morning bird tour and loved watching birds through binoculars. She carefully observed their colours, beaks, and feathers. She made a drawing of a bird and also helped in building a nest using straw. Madhurika was curious to know, how birds take care of their young ones and asked

many interesting questions. She also read books about different types of birds and their food habits. She enjoyed the activities and gained a lot of knowledge about birds.

Human Body

Madhurika is an outspoken child who participated in this topic enthusiastically. She was able to remember all the parts of the model of the skeleton, internal organs and their locations, and the organ systems. She was very curious to know about our digestion process and circulatory system. She could answer the objective questions well but to explain the processes of the organ systems, she required help. She requires key words to speak in correct sequence. She enjoyed the microscope to see the leaf cells. Her

engagement with visual learning tools enhances her understanding and retention of information.

ENGLISH

Madhurika loves listening to stories and creating her own stories. Her comprehension is good. She enjoys reading books which have lots of big pictures. She tries her best to speak in English. She is slowly learning to write the capital and small letters. She writes properly but needs to improve her neatness in writing. She is learning writing the small letters. She reads properly during the group reading. When any difficult word comes, then she asks the meaning of the word and learns the meaning.

MATHS

Madhurika enjoys doing maths. Multiplication is the new concept that she has learnt. She tries to score good marks in the test. She does maths with interest. While learning multiplication with objects she was having some difficulty, but after repeating the activities a few

times she got clarity. While revising the addition and subtraction sums, she facing some difficulties in subtraction.

HINDI

Madhurika is an attentive girl. She learns fast. She can clearly recognize all the alphabets with the correct pronunciation. She has a good reading skill. She can read the stories in a loud and clear

voice. She is able to understand the stories and narrate the stories in the class. She has learnt writing all the alphabets and can form sentences using given words. She is working on her handwriting. After watching a movie, she is able to retell the same story in the class. She has learnt the names of months and days in Hindi.

ART

Madhurika strives to enhance her skills, showcasing her creativity and enthusiasm for learning. Madhurika is interested in art; she

mostly likes to do drawing, her colouring are well executed. She has successfully crafted a few items, including car and ship, hanging lamp, Santa, butterfly with paint and bird. Each time she does her work she tries to improve.

DANCE

Madhurika is an enthusiastic and dedicated girl who actively participates in the dance session. She has learned bhangra and water theme dance. Which she enjoys a lot. She also learned classical dance cover. Madhurika has also performed Christmas song. Her confidence is growing and she performs with elegance and enthusiastic.

PUZZLES

Madhurika sits quietly during the class. She likes her puzzles class. She can fix the puzzles of about 200 to 500 pieces with her friends. She likes to solve the puzzle of animals.
