Priyanka Gouda

DOB- 2nd February'13

Attendance- 183 out of 183 days

Report for 2023-24 (First Term)

Maths

Priyanka is working on the third book after completing the second book. She learns at a slower pace but is committed to concentrating and competing with her friends. She has been improving her addition and subtraction skills but still faces challenges in multiplication and division due to time-consuming calculations. She is dedicated to memorizing the multiplication tables but sometimes answers randomly without careful thought. Improving mental calculation and critical thinking is her goal.

Projects

Birds

Priyanka's interest in learning about birds led her to explore their activities, habitats and behaviour. Bird-watching outings exposed her to various bird species, and she displayed enthusiasm in recognizing birds by their calls. Although she sometimes took extra time to respond to questions in class, Priyanka actively engaged with the topic and expanded her knowledge of bird characteristics. Her independent bird drawings and descriptions in the group's book were a testament to her commitment. Bird documentaries provided her with further insight into bird-related aspects, enhancing her understanding.

Occupation

Priyanka wants to become a nurse when she grows up because she wants to help the poor and needy people. In the class when the teachers ask her some questions, then she is not able to answer some of them, but she speaks in English. Before starting this topic, she didn’t know what occupation is, but after doing this topic she has learnt. She made a drawing of a nurse.

Hindi

Priyanka has become more attentive in Hindi class and is opening up. She may feel shy when speaking but tries to participate. Her handwriting needs improvement, and she takes time with dictation and spelling. Her reading has improved, and she's making progress.

English

Priyanka is a well-behaved and amiable student. She tends to maintain a quiet demeanour in class and may display some shyness, especially when participating or answering questions. There are areas where Priyanka is working on improvement,

notably in her reading skills. While she can manage to read books at a level of three to four, she often relies on her teacher's assistance when reading storybooks. Pronunciation is another aspect she is looking to enhance.

Although her handwriting may not be at an advanced level, Priyanka is dedicated to refining her writing skills. She makes a concerted effort to better her penmanship. When presented with a question, Priyanka may take some time to formulate her response, but she is committed to expressing herself in English and strives to improve her English-speaking abilities.

Priyanka needs to concentrate on her pronunciation, but she is good at singing. She is enthusiastic about watching movies, even if she doesn't understand much. While she is keen on participating in plays, she should become more confident in group activities and work on memorizing words for plays, poems, and song lyrics.

Odia

Priyanka enjoys the class and is always punctual for the class. She is able to understand and speak the language using a few words in a sentence. She loves singing Odia songs. She has learnt some of the alphabets and can form words using them. She took interest in learning the names of the days and months in Odia and has learnt them properly.

Arts and Crafts

Priyanka has art class on Thursdays. She has got a good hand at drawing, and she loves drawing sceneries and nature. She colours her drawings beautifully characterized with neatness.

Puzzles

Priyanka is a well-behaved child who has a strong passion for puzzles. She is a good listener and adheres to didi's guidance. Priyanka excels at solving smaller piece puzzles, managing 90 and 100 pieces with interest and diligence.

Games and Sports

Priyanka stays active during the games and also does running and exercises properly. She enjoys playing all ball related games and other minor games, but her favourite is football.

Trip- For more details, refer to school report.
