Lalu Krisani

DOB- 1st October'02

Attendance- 182 of 183 days

Report for 2023-24 (First Term)

INTRODUCTION:

I am doing my B.A. (Hons.) in English from IGNOU. I have been in this school since it started in 2008. I am the youngest in my family and have two older brothers and an elder sister. My sister is doing B.Sc. in Nursing with the support of Auro-Mira. I lost my mother many years ago, when I was still very small.

We are supposed to go home every Tuesday at 3 pm and come back the next morning for breakfast. That is the only holiday we have. However, I go to the village just for a couple of hours and then come back.

I appeared for two exams in June'23. I obtained decent marks in both. I am currently focusing on second-year subjects that were left unfinished, preparing for an upcoming exam scheduled for December. I will now be appearing for four more exams in December'23.

Simultaneously, at Auro-Mira Vidya Mandir, I actively volunteer to guide children, conducting computer classes and games sessions for the students.

AS A VOLUNTEER:

In my role as a volunteer teacher, I primarily handle computer classes, teaching the children the basics of computer usage and conducting typing exercises. Additionally, I lead games classes for younger students in the morning and another session once a week on Monday evenings. During these sessions, I not only guide them through exercises but also actively participate in games, including the 5:00 pm slot when all the older students, with some teachers, play basketball. After the morning Yoga class, I engage in Shramdan activities at the garden of the girls' hostel, working alongside a few children. I not only work, but also engage, guide and motivate the younger children.

FESTIVALS AND CELEBRATIONS:

Throughout the year, I actively participated in various festivals and associated programs:

1. **RAJO FESTIVAL:** During the Rajo festival, I contributed by creating and decorating a swing. On that day, we enjoyed "Podo Phita" with Sulochana Didi, adding to the festive spirit.
2. **RATHA YATRA:** In July, we enthusiastically participated in the Ratha Yatra. We pulled the Rath from the school to the hostel, creating a lively and joyous atmosphere. The children danced with great enthusiasm. After seven days, we brought the Rath back from the hostel to the school.

3. **INDEPENDENCE DAY PROGRAMME:** On August 15th, we organized a program to celebrate India's Independence Day. I took on the role of Azad, and Pt. Shantanu (Bhattacharya) da, the eminent artiste and singer, graced the occasion. We learnt songs from him, discussed his musical journey, and listened to some high-quality classical songs.
4. **GANESH FESTIVAL:** September 19th saw the celebration of Ganesh Festival. On this day, we worshiped Ganesh, heard stories from

the younger children, and engaged in various programs, creating a festive and cultural atmosphere.

Overall, my involvement in these festivals allowed me to actively contribute to the school's vibrant cultural life and strengthen my bond with the students and the community.

GAMES, SPORTS AND ADVENTURE ACTIVITIES

Everyone tells me that I am exceptionally good in football, basketball, swimming, rock-climbing, cycling, unicycle, kayaking and any and every sports activity that we do in school. I look forward to every occasion and excuse to participate in such activities. I

make sure that I play a team game and involve every person of my team by giving passes. After completing my graduation, I would like to do my bachelor's degree in physical education.

UPCOMING TRIP

On 29th October we will be going on a school trip to Kolkata, Assam, Arunachal Pradesh, Meghalaya and Sikkim. We would be returning to Kechla on 17th November. I am counting the days for my trip.
