

Sushila Kamar

DOB-07-Aug-2004

Attendance-173 days out of 182 days

Report for 2024-25 (Second term)

Sushila is a dedicated volunteer who works with the small children, teaching them projects, maths, dance, and art. She loves teaching and enjoys being with the children. Despite facing some challenges in teaching, she always tries her best to

improve and make learning engaging for the kids. She is patient and understanding, making sure that every child gets the help they need. In maths, she explains concepts clearly and helps students with their doubts. She encourages them to practise regularly.

In projects work, Sushila guides children in creative activities, helping them develop problem solving and teamwork skills. She motivates them to think outside the box and express their ideas freely.

In dance, she teaches steps with enthusiasm and ensures that the students learn at their own pace. She enjoys dancing with the children and encourages them to participate actively.

In art, Sushila helps the children explore their creativity through drawing, paper folding, and crafts. She supports them in making beautiful artworks and appreciates their efforts, which boosts their confidence.

She is punctual and responsible in her teaching. She asks for guidance when needed and continuously works on improving herself. Her dedication and love for teaching makes her valuable volunteer.

She enjoys being a part of the learning environment and finds joy in seeing the children progress. Sushila's efforts are appreciated and her passion for teaching is evident in the way she interacts with the students. She is a hardworking and caring volunteer who strives to give her best every day.

TRIP

My trip to Bihar and Odisha

I recently had an amazing trip to Bihar and Odisha, where I explored many beautiful places and enjoyed various activities. The journey started from Koraput, and I first reached Bhubaneswar. I then visited Bhitarkanika, a famous wildlife sanctuary known for its mangroves and crocodiles' population. I also explored the science there, which was a fascinating experience. During my visit, I had the opportunity to visit many schools. It was a wonderful experience to see different schools and meet new people. I also visited a shrine, which was peaceful and spiritually uplifting. Another highlight of my trip in Odisha was visiting Simlipal, a beautiful national park known for its rich wildlife and stunning landscapes. After exploring Odisha, I travelled to Bihar. My first stop was Bodh Gaya, a significant Buddhist

pilgrimage site.

I visited many Buddha temples, each with its own unique history and peaceful atmosphere. I also explored many waterfalls, which were breathtakingly beautiful. For adventure, I went on a jeep riding through scenic landscapes, which was thrilling. I also tried exciting activities like sky cycling, zip-lining, and walked on a glass bridge, which was an unforgettable experience. One of the most educational and inspiring parts of my trip was visiting Nalanda University, an ancient centre of learning. Walking through its ruins gave me a sense of the rich history and knowledge that once thrived there.

Overall, my trip was full of adventure, learning, and fun. From exploring temples and shrines to engaging in thrilling activities, I enjoyed every moment of it. It was a very good journey

Programmes

I love participating in programmes and enjoy performing on stage. It gives me confidence and happiness. I performed Swagatam dance on our Sports Day, which was a wonderful experience. The energy of the event and the appreciating audience made it even more special. I always look forward to new performances and learning new dances.

Programmes help me express myself and improve my skills. I feel proud and excited whenever I perform. I love being a part of such amazing events.

Games

I love playing basketball, and it is my favourite sport. Shooting three-pointers is the most exciting part for me. I enjoy practising and improving my skills every day. Running on the court and making perfect shots gives me a lot of joy. I also like playing with my friends and competing in matches. Basketball keeps me active and energetic. It teaches me teamwork and discipline. I love the game very much.
