

PRIYANKA GOUDA'S REPORT

2021-22

DOB- 2nd February '13

MATHS:

Priyanka has recently joined the school. At first, she could not understand the language and speak, but gradually she learnt it. When she joined the school, she knew nothing about counting either in Odia or in English. She took a lot of time to learn backward and forward counting and it was especially tough for her to do backward counting. Later, she could tell the numbers which were shown in the “Ganitmala” and even showed the numbers on it when didi called out the numbers. When she did skip counting, she was unable to recognise the patterns - she was just trying to remember everything. She is slow in adding the numbers mentally because she does not visualize them in her mind. She also did the ‘number after’ and the ‘number before’.

ENGLISH:

Priyanka is a responsible child and has a good and sharing nature.

She is a peer learner and joined the Group recently. She communicates in Hindi but is trying to speak in English. She tries to speak in phrases. She stammers while speaking, and her pronunciation is not good. She is not clear in alphabets

and their sounds. She likes to hear stories. In role play, she takes small dialogues because as she is very nervous to speak in the class. She likes to sing songs like “Una Paloma Blanca”.

HINDI:

Priyanka has learnt the vowels of the Hindi alphabets. She is a little confused in the sounds of alphabets and sometimes get confused to recognise the letters. She concentrates well in the class. She is able to get clarity with sounds and has some letter recognition. She tries to tell the stories. She listens very carefully when didi is telling a story and when didi asks her some question, she tries to answer.

PROJECT:

Priyanka is a new student in the school. She sits quietly in the class. She learnt names of the vegetables. She learnt how to draw them and coloured them beautifully. She helped her friends in making the vegetable chart. She took time in

remembering her dialogues which she had to say during the vegetable presentation. She was very happy to learn the vegetable song. Her favourite vegetable is pumpkin. She also learnt the names of different animals and made the animal chart with her friends. She learnt how to make animals with clay and gave beautiful colours to it.

ART & CRAFT:

In the art class, Priyanka never talks much, and she does whatever is told in the class. Her drawing and colouring are very good. She loves to draw flowers, and she uses all the colours while drawing most of the time.

GAMES:

Priyanka has a flexible body. She is very good in athletics and in running. She is good in yoga. She likes to play fun games in the Group.

PROGRAMME:
