Baisi Guntha

DOB- 13th July'19

Attendance- 157 out of 183 days

Report for 2023-24 (First Term)

INTRODUCTION

Baisi is a rather quiet boy who enjoys coming to school every day, although he may occasionally miss school due to village functions. When he arrives early, he helps set up the mother's plate and also enjoys playing with his friends. Baisi comes to school in neatly dressed clothes, and his favourite colour is yellow.

CHANTING AND SINGING

During chanting time, Baisi chants the mantras loudly and clearly, making an effort to pronounce the words correctly. He likes singing songs and actively participates in the actions accompanying the songs.

When he doesn't know a particular song, he attempts to imitate the teachers and pronounce the words correctly.

MATHEMATICS

Baisi has a strong interest in mathematics and has learned counting up to 30. Occasionally, he may forget some numbers while counting on his own, and external distractions can disturb him. Nevertheless, he makes a consistent effort to improve his counting skills. Baisi enjoys collecting leaves, stones, sticks, and other objects, using them to create patterns and practice addition and subtraction.

PROJECTS

In his project work, Baisi has completed two topics on vegetables and fruits. He can identify and name various fruits and vegetables, including their respective colours. He found this topic enjoyable and was especially fond of tasting different fruits and vegetables. Baisi also created models of fruits and puppets of vegetables. During presentations, he may feel a bit nervous, but he consistently puts in his best effort.

CELEBRATIONS AND FESTIVALS

Baisi actively participates in various festivals and celebrations. During Rath Yatra, he enjoys taking part in the procession and relishing the Prasad. On the 5th of July, he performed in a drama titled "Chichi Bird," portraying the role of an elephant, which he executed very well. On the 15th of August, he participated in an action song titled "I Salute My Flag." He felt nervous and scared since he was in the first row while dancing, but he still gave his best effort. On the 30th of July, he celebrated Rakhi by

tying rakhis and enjoying laddoos. For Janmashtami on the 7th of September, he danced beautifully and revelled in wearing costumes. On the 19th of September, during Ganesh Chaturthi, he sang a song titled "1 2 3 4."
