

# Saloni Krisani

**Dob: 06<sup>th</sup> MAR -17**

**Annual Report for 2023-24(second term)**

**Annual Attendance 357 days out 366 days**

## Introduction

Saloni is known for her helpful nature and intelligence, maintaining discipline while actively engaging with her teacher. She demonstrates attentiveness in class and enjoys playing and conversing with her friends. Saloni remains focused during project classes and ensures she arrives at school in clean attire.

## Projects

Saloni always wears a smile, especially when interacting with others or participating in activities. She enjoys making friends and spending her free time with them. Saloni particularly enjoys listening to stories from picture

books, especially when the storyteller incorporates props or materials into the retelling, such as in the story of "The Three Bears and Goldilocks." During singing sessions after circle time, Saloni enthusiastically joins in, singing all the songs with actions and a big smile on her face.

In the topic of "health and hygiene," Saloni displayed genuine interest and actively participated by creating numerous pictures depicting healthy habits. She expanded her vocabulary and demonstrated good comprehension by answering questions

during discussions. Additionally, Saloni benefited from real-life activities related to hygiene, such as brushing, bathing, applying oil after a bath, and cutting nails. She listened attentively during discussions, showing her commitment to learning.

## **Mathematics**

Saloni has shown impressive progress in maths and displays a positive attitude towards problem-solving tasks. She responds quickly and accurately to math concepts, though she may benefit from taking more time to ensure confidence in her answers.

## **English**

Saloni is a well-behaved student who possesses a remarkable ability to quickly memorize songs and rhymes. She has learned a variety of rhymes and songs, including "The Ants Go Marching," "Red is Amma's Bindi," and "Old MacDonald Had a Farm."

Participating in a play for the 21<sup>st</sup> February celebration, Saloni took on the role of a sadhak. While she demonstrated proficiency in memorizing songs and rhymes, she encountered some difficulty in remembering her dialogues during rehearsals. This challenge may indicate an opportunity for further practice and improvement in her acting skills.

Overall, Saloni's ability to quickly learn songs and rhymes showcases her enthusiasm for learning, and her participation in the play demonstrates her willingness to engage in extracurricular activities. With continued practice and support, she has the potential to further develop her skills in both memorization and performance.

## Arts and Crafts

Saloni demonstrates enthusiasm and skill in all art activities, particularly enjoying drawing flowers and trees. She assists others after completing her work and favours the colour orange.

## Games

Saloni is an active and cheerful girl who maintains her strength and cheerfulness during games. She has good agility, plays all games with enthusiasm, and never fights with others. She enjoys learning new games and has a fast grasp of game rules. Her favourite games

include "blindfold catching," "catch the monkey," and "hide and seek."

## Celebrations and Festivals
