Tulika Krisani

DOB- 27th Decmber'06

Attendance- 180 out of 183 days

Report- 2023-24 (First Term)

Introduction

I am 16 years old and have already cleared 4 papers of class 12 in March and April. Now I have 1 subject left to complete, which is the English paper, and this time in October, I will be taking my English exam. I have scored good marks in my previous exams.

The following are my marks: -

Physical Educati

on- 93%

Painting- 87%

Data Entry- 80%

Home Science- 63%

English

I studied English online with Ragini Didi. We got connected with her around the end of March, and our classes began soon after. By mid-July, we had completed our syllabus, and afterward, we delved into some grammar with Didi. I thoroughly enjoyed studying with Ragini Didi. She explained the text to us very effectively and always discussed

questions and answers with us during the last 15 minutes of the class. I feel confident in the subject, and I am well-prepared for the upcoming exam. I am currently revising the syllabus and practising question-answers and grammar.

Games

I have a keen interest in playing games and engaging in other sports activities. Before playing any games, I like to do warm-up exercises and running to prepare my body. I've found that when I play games after these exercises, I have more energy and can play more effectively. While I enjoy playing football, my favourite game is

basketball. In basketball, I like to take layups, and I'm working on improving my teamwork skills during the games. I'm continually striving to enhance my gaming abilities.

Shramdhaan (Work offering)

Every morning at 6:30 am, I participate in shramdaan in the girls' hostel. I'm involved in activities like sweeping the floor, cleaning toilets, and stairway cleaning. I find immense satisfaction in maintaining our hostel's cleanliness. During this one-hour session, I work alongside younger students in our hostel. I take pride in keeping our hostel neat and clean and enjoy collaborating with the younger ones during this activity.

Volunteering

I am actively involved in volunteering for the Peace Group, which comprises the youngest students in the school. I enjoy playing and working with them. I have been dedicating 3 hours a day to teach this group. I engage the little ones in various activities, including singing, arts and crafts, projects, and a bit of math. I teach them the importance of cleanliness by

helping them with their morning routines, such as brushing their teeth and taking baths. In math, I teach them counting. I actively participate in every activity the children do in the group. I aim to encourage and guide every child so that they feel motivated to learn and give their best.

Celebrations and Festivals

In the past few months, there have been several festivals to celebrate, although I could only participate in a few

of them. On July 30th, on Raksha Bandhan, I performed a puppet show, tied rakhi, and enjoyed eating delicious sweets. On September 7th, on Janmashtami, I participated in a dance with the Gratitude group, donning costumes and thoroughly enjoying the performance. On September 19th, on Ganesh Chaturthi, I performed a dance to the tune of the song "Bapa Tu" and had a great time doing the dance.
