

SHRUTI MUDULI

ANNUAL REPORT FOR 2023-24 (SECOND TERM)

DOB: 14TH AUG - 13

ANNUAL ATTENDANCE 366 DAYS OUT OF 366 DAYS

Hindi

In Hindi class, I am currently studying the 5th class book. I find answering questions interesting, and whenever our teacher assigns homework, I make sure to complete it. During Hindi class, we engage in group reading and free reading, which I particularly enjoy. I have a fondness for free reading as it allows me to explore various texts at my own pace.

Additionally, we recently wrote a poem about motherhood, which was a meaningful exercise.

Maths

In math class, I am studying from the 6th class book, and I have recently completed the 7th chapter. Some of the preceding chapters I have covered include Number System, Whole Numbers, Fractions, Decimal, Simplification, and Integers. Among these chapters, I found Decimal to be the easiest, while Integers posed the most challenges for me. I pay close attention when our teacher explains concepts, ensuring that I understand them thoroughly.

ask questions and seek clarification.

Social Studies

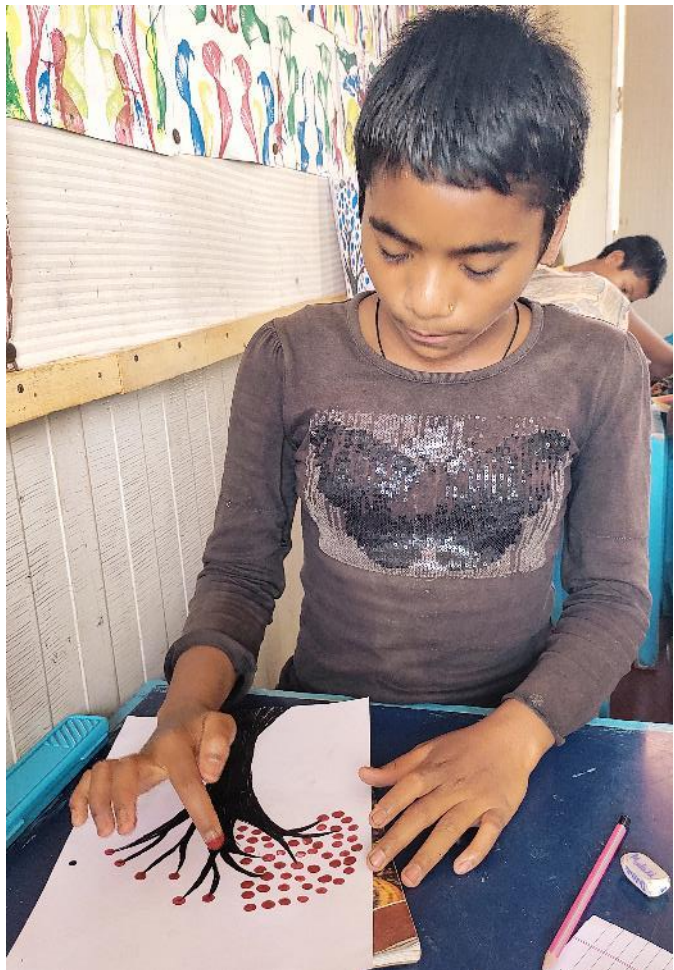

I have a keen interest in S.S.T. class because it provides valuable insights into the world we live in and teaches us about nature. I diligently complete any homework assigned by our teacher. Among the topics we cover, I particularly enjoy learning about early kingdoms. Additionally, I find reading books from the curriculum, especially Amar Chitra Katha, fascinating.

English

In English class, we focus on reading and writing skills. While I enjoy reading, I sometimes struggle with comprehension and make mistakes in

Science

In science class, I actively participate in various activities. I ensure to complete any homework given by our teacher. When our teacher explains concepts during class, I pay close attention and try to understand them thoroughly. I particularly enjoy science class because we engage in many experiments, which help me grasp concepts better. Additionally, our teacher often shows us educational videos to aid our understanding. If I ever have difficulty understanding a topic, I am not hesitant to

my writing. We have read several books in class, including "Danny the Champion of the World" and "The Blue Umbrella." Although I try my best, my performance in dictations has not been satisfactory. I am working on improving my handwriting. We have also watched movies like "Peter Pan" and "Migration" in class. While my spoken English skills are not strong, I actively participate in plays and enjoy learning new songs.

Yogasana

Under the guidance of Bina Didi, our yogasana teacher, I learn various yoga poses. I find it enjoyable because it enhances my body's flexibility. Although there are times when I miss yoga sessions, I always strive to perform the poses correctly when I attend.

Shramdan

Among the shramdan activities, I prefer working in the kitchen. It's an opportunity for me to learn how to cut vegetables and perform other kitchen tasks. Our shramdan groups are divided, and I belong to Group E.

Dance

I am passionate about dance and aspire to become a dancer. During dance class, I enthusiastically learn various dance styles and execute the choreography with precision. Dance not only allows me to express myself but also helps in improving my body flexibility.

Games

Football is my favourite game, and I excel in playing it. I enjoy participating in games as they introduce me to new exercises and help in strengthening my stamina.

Odia

In Odia class, our teacher, Teacher, imparts knowledge on various topics. I pay close attention during lessons and diligently practice reading and writing in Odia.

Satsang

During our satsang sessions from 6:15 to 7:00, we engage in meditation and singing bhajans. It's a peaceful time where we quiet our minds and focus on spiritual practices such as Gita chanting.

Celebrations

On February 4th, I performed in a play titled "Andher Nagri" without experiencing any stage fear.

On January 26th, we participated in a flag hoisting ceremony.

On December 25th, I sang a song both in Hindi and English.

On February 3rd, I showcased my gymnastic skills during Sports Day.

During the Golden Day celebration, we recited a poem titled "The Golden Light."

FLUTE

In flute class, we have learned many ragas. I have learned to play forwards and backwards as well. I enjoy flute class because it teaches me how to play melodies. During Holi, I played the flute, and we also visited a market where we all bought things.

Trip

My journey began on October 29, 2023, from KECHLA. We boarded the train from PALIBA and later changed trains in KORAPUT, eventually reaching TITLAGARH. Arriving in TITLAGARH at 5:00 am, we were provided with a room to rest. Feeling sleepy, we had breakfast, rested, and then had lunch before catching a train to HOWRAH. While in KOLKATA, we visited a zoo. The following day, we travelled to ASSAM, where we explored a museum showcasing various sculptures. After a day's stay in ASSAM, we ventured to the KAMAKHYA temple by bus. Our stay in RUPA coincided with a festival. Next, we travelled to TAWANG, where we witnessed the China

border. Returning to RUPA, we then proceeded to KAZIRANGA, exploring the NATIONAL PARK. Afterward, we visited SHILLONG before returning to ASSAM. In GANGTOK, we visited GANESH GHAT, VIEWPOINT, CHANGU LAKE, and BABA MANDIR. Finally, we reached HOWRAH, where we visited SCIENCE CITY before exploring SRI AUROBINDO BHAVAN and VICTORIA MEMORIAL in KOLKATA. That night, we boarded a train back to KECHLA.
