

Pankaj Muduli

DOB-24-Oct-2010

Attendance-179 days out of 182 days

Report for 2024-25 (Second term)

Introduction

My name is Pankaj Muduli. I study at Auro-Mira Vidya Mandir. I am 14 years old. My hobby is playing football. I am a 10th-standard student.

Yoga

I like doing yoga. We practise many *asanas*, such as *Chakrasana*, handstand, shoulder stand, headstand, boat pose, tree pose, and butterfly pose, etc. We start our yoga at 6 o'clock. We also do many other *asanas* that I don't like, but I still try to do them. Now, I can do stretching.

Shramdaan

During *Shramdaan*, I help with girls' hostel cleaning, toilet cleaning, kitchen work, boys' hostel cleaning, school cleaning, and gardening. I don't like gardening because I don't enjoy weeding. However, I like working in the kitchen because I enjoy cutting vegetables.

Painting

In painting class, we draw nature, objects, and currently, we are drawing animals and birds. I am improving my drawing skills. *Didi* also teaches us how to shade drawings. I like shading because it makes the drawing look nice.

I have also made practical work for my exam, and now I am working on my textbook for the exam. We also make hanging decorations and do paper folding. My art class is in the afternoon at 2:30. In art class, I have learnt many things. I have made a collage of a tree, hanging decorations, and warm and cool colour paintings. I have improved my art compared to before. Sometimes, my work is neat and clean. I enjoy art class.

English

In English class, I do grammar, free reading, dictation, and book reading. Now, we have finished the second *NIOS* book. Sometimes, we do grammar exercises from the book. I have now learnt how to write letters and messages.

When the *MIS* campus students visited, I studied the second *NIOS* 10th book with *MIS* student Adhya Malik. I could understand her teaching and liked her

way of explaining. I did question-and-answer exercises with her. With Adhya *didi*, I studied two chapters—*The Truth* and *Village Pharmacy*. I understood these chapters very well because I went through them twice.

Hindi

In Hindi class, we do free reading, grammar, and work on our textbook. I like free reading because we can choose any book. Now, I am improving my handwriting. *didi* is giving us tests from the *NIOS* book. On May 2nd, I am going to take a test on the entire book.

I also make a lot of mistakes with *matras* while writing, but now I am trying not to make those mistakes. Currently, I am preparing for my exam.

Data Entry Operation

In Data Entry class, we follow the 10th-grade textbook. I have now covered all the chapters. From this subject, I have learnt the basic types of

printers and how computers work. Sometimes, we do practical work on the computer. Now, I am revising by taking tests and preparing for my exam.

I also have computer class at 2:30, where we practise *Typing Master* and painting. In *Typing Master*, I am improving my typing speed.

Social Science

In Social Science, we are studying the 10th NIOS textbook. We have covered all the chapters in History and Geography and have taken tests as well. However, I need to relearn some chapters, which *didi* will go over again.

History has taught me a lot. I have learnt about India's achievements, even in ancient times. Indeed, India has a glorious past. Through history, I also understood how early humans lived, how agriculture started, and the discovery of many things.

Right now, I am learning about *Government at the State Level*. It's fun learning about the Governor's powers and everything that a Chief Minister does. However, I feel these studies are not meant for me.

Dance

In dance class, I practised *Dasha Avatar*. I feel very ashamed while dancing. I don't pick up steps easily.

Games

In games, I play many sports like football, basketball, and volleyball. I like football because I enjoy defending the goal. In games, we also do exercises. On different days, we play different games.

Self-Study

In self-study, I do my homework. Sometimes, I read my own books. Right now, I am revising for my exam because I have to appear for it this October.

Trip

We started our trip on 29th October. We took the Koraput train and travelled to Bhubaneswar, where we visited many places like Udayagiri and Khandagiri. In Khandagiri, there was a Hanuman temple. In Udayagiri, there were caves.

Then, we went to the Science Museum, where a guide showed us many experiments, and I saw liquid nitrogen. After that, we went to Jagannath, where I had *darshan* of Jagannath Ji. Then, we travelled to Puri, but I didn't like it much because it was very crowded.

After Puri, we went to Konark, where I saw *Surasundari* and also took a photo of myself. Then, we went to Balasore and visited a Shiva temple. After that, we took a bus to Chilika Lake, where we went to see dolphins and spotted many of them.

At night, we travelled to Bihar and had food at Suman *bhaiya*'s house. In Bihar, we visited many places. The next day, we went to Brahmakund, where I took a bath. Then, we visited the Buddha temple and saw many other Buddha temples as well.

In the evening, we visited the road that Dashrath Manjhi had built. After that, we took a bus to Lucknow, where we stayed in a stadium. On Children's Day, we went to a park, where I saw many fish in a pond. Then, we went to see *Ghanta Ghar*(Clock Tower).

The next day, we visited Ayodhya Temple, where I had *darshan* of Vishnu Ji. I also saw how the idol of Vishnu was made. From there, we took the metro to the station. Then, we

took a train to Jhansi, where a guide came to receive us.

In Jhansi, we visited Raja Mahal, where the guide explained how the king lived, where he used to sit, and the paintings made by him. Then, we went to the Royal Palace, where we ate many different types of food. We also visited a newspaper factory, took photos, and even got featured in the newspaper.

From there, we returned straight to Paliba station.

Celebrations

During celebrations, I participated in many programmes. On New Year's, I performed a funny college dance with my friends. I enjoyed it and tried my best.

On Sports Day, I performed *Dasa Avatar* and martial arts. I performed well and did not hesitate—I was confident. In *Dasa Avatar*, I played the roles of Garud, Kalki's chariot, and the tree of Buddha.

On the Mother's birthday, I sang the song *Adya Shakti Maa Mira* with my friends. I had stage fear because I was sitting in front, but after some time, I overcame it and sang the song properly without fear.
