Puja is a delightful young girl who eagerly attends school on a regular basis. At five years old, she displays enthusiasm for learning and takes pleasure in arriving early for school, enjoying breakfast in the hostel. Despite living in a nearby village with her grandmother, Puja maintains a neat and tidy appearance. Her passion for drawing shines through during school hours, and she has a particular fondness for the colour red.

Puja eagerly engages in project classes, particularly enjoying the animal topic. She has successfully learned the names and sounds of various animals, demonstrating a keen interest in colouring pictures of them. While generally focused in class, Puja may occasionally become distracted when playing with friends. She has explored the village environment, observing and drawing pet animals as part of her project work.

MATHEMATICS:

In mathematics, Puja demonstrates proficiency in counting objects and can accurately count from 1 to 50, with aspirations to count up to 100. She displays attentiveness in class and actively participates in activities arranging beads such as collecting natural objects for design work. Puja is also beginning to grasp addition and subtraction basic concepts through storytelling, finding enjoyment in these learning experiences.

LANGUAGE:

During language class, Puja listens attentively to stories presented in both English and Hindi. She exhibits proper sitting posture and actively engages with the material. Puja shows an aptitude for storytelling herself and demonstrates understanding of the stories she hears. Additionally, she displays care in her drawing activities, endeavouring to keep her

paper clean. Puja is currently expanding her vocabulary in English and practicing forming small sentences.
