Rabinarayan Gouda

DOB- 16th July'18

Attendance- 60 out of 183 days

Report for 2023-24 (First Term)

INTRODUCTION

Ravi comes from a very distant village and resides with relatives while attending school. He is enthusiastic about coming to school, making an effort to be regular and punctual. Ravi enjoys playing in the sandpit and takes pride in his neat and clean appearance.

CHANTING AND SINGING

During circle time, Ravi displays a calm and composed demeanour. He focuses on learning chants and songs. He has learned several chantings such as "Asatoma" and "Sri vakratunda mahakaya," although he can fully chant only two of them. In terms of songs, Ravi has mastered various tunes including "Hai Bhagawan Tujhe Pranam," "Tan Ho Sundar Man Ho Sundar," "Found a Peanut," "Red is Amma's Bindi," "Teddy Bear Teddy Bear," and "Aloo Bola Mujhko Khalo." He enjoys performing actions while singing.

PROJECTS

Ravi has been engaged in projects covering colours, vegetables, and fruits. While he continues to work on colour recognition, he can confidently name them with the guidance of his teacher. He is passionate about creating and

colouring drawings of vegetables, as well as forming clay models of fruits. Ravi takes pleasure in going outdoors to observe trees and plants related to these topics and learning songs associated with vegetables and fruits.

MATHEMATICS

In the field of mathematics, Ravi is proficient in counting, able to count up to 20. He is actively working on extending his counting skills to reach 30 and tries to participate when others are counting. Ravi occasionally faces difficulties in comparing objects based on attributes such as size, quantity, weight, and height. He has an affinity for playing with a rangometry kit to create designs and patterns. Ravi excels in matching objects.

CELEBRATIONS AND FESTIVALS

Ravi has participated in various school programs. Although he gets nervous on stage, he has performed the song "I Salute My Flag" on the 15th of August and a dance on Janmashtami to the song "Maa Ka Kanhaiya." He also sang a song on Ganesh Chaturthi. Ravi finds great joy in watching the performances of other groups during these events.
