

Anjali Muduli

DOB- 13th April'13

Attendance-158 days out of 182 days

Report for 2024-25(Second term)

Introduction:

Anjali is 11 years old. She comes to class looking neat and clean. Her favourite colour is red, and she loves to eat puri. Her favourite subject is maths. In her free time, she likes colouring and drawing. She enjoys doing dance the most. In her class Savitri is her best friend. During reading she loves to read individually. She is friendly with everyone. She does homework on time and is very helpful to others.

Anjali is a sincere and

obedient child. She is attentive in class and arrives on time. She listens attentively to the stories discussed by the teacher from the Communicative English book for Class 3. She solves the questions after the discussion, though she takes time to do so. She has a neat and clean handwriting. She enjoys working on Good Grammar for Class 3 and finished Good Grammar Book 2 with ease. She enjoys solving grammar

exercises. She tries to speak in English in class with everyone. She has improved in reading and can read books fluently without help. She loves reading books. She needs to improve in breaking down words and writing during dictation. During group reading, she sits quietly and listens to the teacher.

Hindi:

Anjali is very good at studies and is a hard-working girl. She is doing the 3rd Gunjan book. She is able to do the question answers properly and has a good handwriting. She understands the chapters properly and then starts the question answers from the textbook. If

she has any doubts in any question, then she always asks her teacher or she discusses it with her friends. She is good at dictation and her writing pace is also good. She has learnt the grammar Varna vichhed (breaking words). She is good at

Projects:

Anjali is an intelligent girl who likes working individually. Sometimes she takes help but mostly she does it all by herself. She learnt a lot about the topic, such as various types of machines, about the different adaptations of the animals, differentiating between types of plants such as xerophyte, mesophyte and hydrophyte. During the group discussions, she always participates and always answers the questions asked to her. She likes writing in a neat and tidy manner. She learnt a lot from the

|
|

n

experiments that they did while doing the topic. She increased her vocabulary from the topics that they had taken up. She has a good memory and can remember new concepts. She can comprehend the questions all by herself and also answer. Whenever she has some doubts regarding the topic, she always asks so that she can clear her doubts.

Maths: Anjali is a studious child and has worked hard to cover up the syllabus. She has nearly completed class three book, and is solving questions from fourth class book. In the last month she has been studying topics based on Time and Calendar. She can now read time in three ways. 'Past and to' took quite some time as she was getting confused with both these concepts. She can convert seconds and minutes to minutes and hours and the opposite. Currently she is solving and learning Centimetre and Metre. She can convert Metre to centimetre and Meter to centimetre. She is able to solve simple word problems.

Arts: Anjali enjoys art and participates actively in the class. She has learnt to make a house using paper and found it exciting. She practised cutting and pasting flowers, improving her creativity. She also learnt simple ways to draw animals and had fun making colourful paper balloons. Anjali enjoyed making hanging decorations and put great effort into her work. She loves to draw and is becoming more confident in her artistic skills.

Dance Anjali is interested in doing only dance on Pahadi songs and classical songs. She has a flexible body. She can do free dance. They are

now learning a Nepali dance. They liked this song because it was an energetic song. Anjali did a group dance of Durga on 21st of Feb. She concentrates in the class.

Puzzles:

Anjali likes doing puzzles class. She likes fixing the puzzles

alone as she gets distracted in a group. She likes fixing the puzzles of between 100 and 400 pieces. Her favourite puzzles are related to fairies. She fixes the puzzles with interest.

S

She likes to sing and her favorite song is like a small boat on the ocean and sur jot era chakaraye. She had learnt a carol for Christmas dekho aayi hai raat Christmas k. In the class she sings very beautifully and loudly than the others she learns the songs wording very fast. From February she has stated doing social science class and now she is

doing the question answer form the freedom book term 2. On every Wednesday she watches English movies with her friends and she enjoys it.

Sense development:

Anjali loves attending the class. She sits quietly and completes the activities properly. She enjoys playing games related to hearing. If she is given five different objects to identify by sound, she can correctly recognise the sounds of two. However, she is slowly developing her hearing sense.

G

Anjali is punctual for games, although she initially showed less interest. She used to miss games with various excuses but is now regular. Before starting, she takes five rounds around the field and participates in joint exercises. Anjali enjoys fun games and

engages positively in

activities.

Odia: Anjali is a well-behaved and disciplined student. She sits quietly in the class and listens carefully to the lessons. She always comes to class on time. Her understanding is good, and she has a sharp mind. She grasps new topics quickly and remembers them well. She enjoys learning and actively participates in class. Anjali likes Odia songs and enjoys listening to them. She shows interest in learning new Odia songs. Her speaking skills are good, but she faces some pronunciation difficulties with letters like "kha" and "gha".

Celebration:

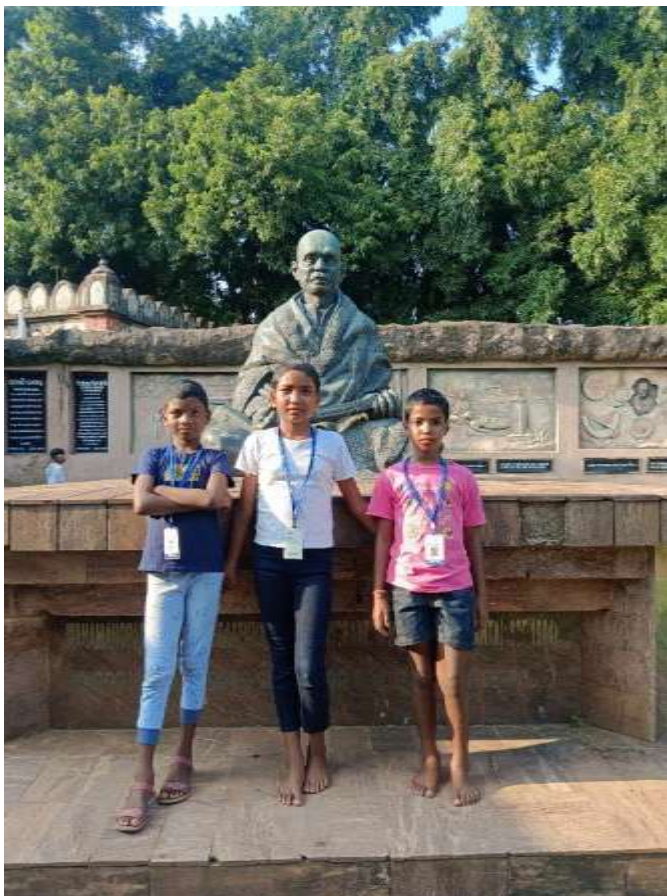

Trip: Anjali went on her first trip, and first time sitting in the train. She was very excited to go on a trip with her friends. Throughout the journey she kept talking and laughing with

her friends. Anjali was very happy that she played in the sea beach and enjoyed the waves with her friends. During the trip, Anjali visited many interesting places like science museum, Jagannath temple, Lingaraj temple, Sun temple, Chilika lake. At Chilika lake she got to see the dolphins. She was very excited to count the dolphins. At

Nandankanan zoo she saw many animals so close for the first time. Throughout the trip she behaved properly, listened to her teachers, a
