Raj Guntha

DOB- 6th April'19

Attendance- 132 out of 183 days

Report for 2023-24 (First Term)

INTRODUCTION

Raj is a boy who arrives at school daily from a distant village- Narjiput. He takes great care to maintain his neat and clean appearance. He relishes having breakfast in the school hostel with his friends and thoroughly enjoys playing in the sandpit. Raj is known for his passion for play and has a quiet but friendly demeanour.

CHANTING AND SINGING

During circle time, Raj demonstrates good behaviour by sitting properly. He actively engages with the chanting and songs. While he can remember some of the chanting, he is still working on mastering others. Raj tries to sing songs loudly and clearly, and he can sing some

songs alone. Occasionally, he may get distracted when sitting near his friends. However, when teachers introduce new songs or chants, he listens carefully and strives to participate. He has learned various songs and chants, including "Aloo Bola Mujhko Khalo," "Red is Amma's Bindi," and more. Raj also attempts to perform actions while singing these songs.

PROJECTS

In the project class, Raj has covered topics such as colours, vegetables, and fruits. Initially, he faced some confusion with colours but can now confidently name all of them. He particularly enjoys listening to stories during the project class. Regarding vegetables, Raj has learned the names of all vegetables, and he enjoys creating drawings of them and colouring these drawings. He even indulged in potato stamping with paint colours and found it highly enjoyable. Raj has also learned the names of various fruits and has tried his hand at clay modelling, creating fruit shapes. He has grown fond of eating vegetables and fruits and has become knowledgeable about them.

MATHEMATICS

Raj demonstrates competence in counting, being able to count up to 20. He occasionally seeks assistance when counting beyond 20 and is interested in creating designs with various objects such as leaves, beads, stones, sticks, and flowers. He

can effectively compare objects based on attributes like size, quantity, and height. Raj exhibits good discipline by sitting quietly when others are counting.

CELEBRATIONS AND FESTIVALS

Raj actively participates in school programs. On the 15th of August, he sang the patriotic song "I Salute My Flag" and performed a dance on Janmashtami to the song "Maa Ka Kanhaiya." He enjoys watching the dances and dramas of older children and has also participated in functions like Ganesh Chaturthi. Although he feels nervous on stage, Raj loves participating in these events.
