

Dutika Bishoi

Dob- 17-Apr-14

Report for 2022-23 (Second term)

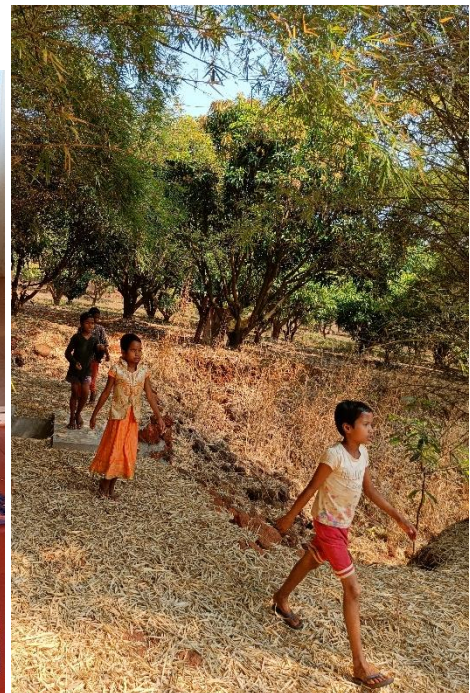

Maths:

Dutika is a cute and hardworking child. She likes to learn new concepts in maths. She is learning multiplication of two and one digit numbers. She knows how to multiply but her answers are not always correct. She makes mistakes in addition and forgets the tables quickly. She has learnt addition, subtraction and skip counting. Many questions of words problems are given to her to practice. Her calculations are not very good and she forgets the concepts, tables and makes silly mistakes in addition.

Projects:

Shelter: Dutika learnt how useful a shelter is. Now she knows about the different types of shelter and where they are found; what materials are used in making different types of houses. She also knows the story of the ancient people's shelter. She made a model of treehouse. Among all the shelters, she likes igloo because it is white and looks beautiful. The new words she

learnt in this topic- Shelter, Igloo, Treehouse, wooden house, Boathouse, Bungalow, Multi-storied house, etc.

Transports: She liked this topic because she got to learn many new things. Her favourite vehicle is auto rickshaw because it helps her to go to the market. She wants to ride a bike when she grows up. She made a model of a bicycle with cardboard. She understood the three modes of transport- water, land and air. She asked a question- 'why do we use vehicles' and she got the answer after doing this topic.

Plants: She has learnt names of different types of plants. She is

quiet in the class. She learnt names of some plants. She drew a picture of a blackberry tree and also learnt about its colour and size. In group discussions she takes a lot of time to think and give the answer. She has learnt many things about plants and the various types of plants.

English:

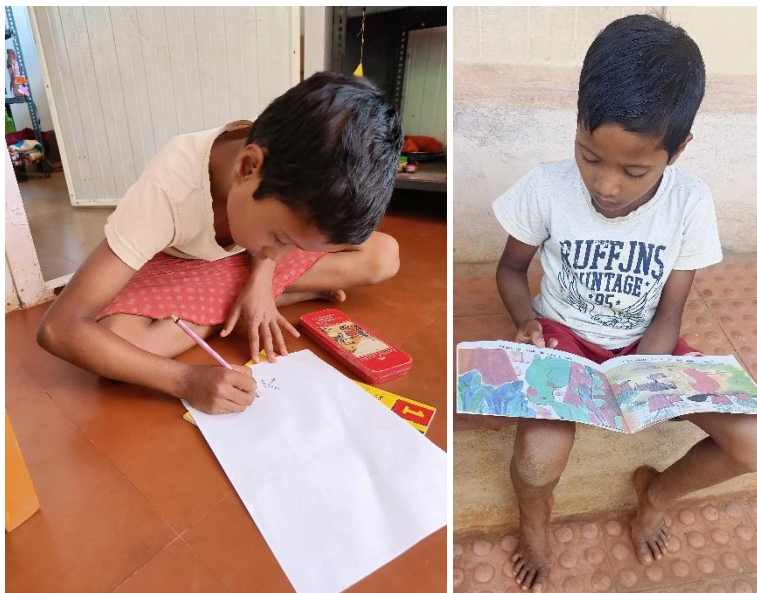

She has finished reading ladybug level 1 and is reading level 2 books. She reads fairy tales too. She can read fluently. She can understand the stories she is reading. She can break the words and read clearly. She speaks in English. She has started writing alphabets and words. Her handwriting is neat and clean. She created stories in English and made drawings

based on the stories. She had participated in a drama- Wizard of Oz and her role

was of munchkin. She had a few lines, and she took much time to remember. She loves to do English plays, but she lacks concentration.

Hindi:

She is quite good in studies. She is able to recognize all the alphabets, matras and is able to pronounce the words properly. She has started to read short stories fluently, is able to understand clearly and she can also explain the same story without hesitation. She has started writing alphabets with matras and she writes very neatly. She is more interested in reading than writing. She is very interested in learning new things and always participates in the group. She has learnt a few songs and was very keen in learning Ae malik tere bande hum, Hind Desh, Teri bina ki ban jaun tar and Thandi hawa chali hai and she was able to catch the lines very quickly. On Christmas she danced on Thandi Hawa Chali Hai; she danced very well with full confidence.

Arts and Crafts:

She is a nice and quiet child. She does every artwork with great concentration. Her understanding is very good. She is quick in learning every activity with interest. She finishes her work nicely and helps her friends to finish theirs. She is very good at

cutting,

colouring and drawing. Her

colouring is very attractive. She

participated in

many activities like- she made jewellery box, rafting boat, parrot, flowers in paper folding. In cutting

and pasting she had made flowers and birds. She has a little problem in folding

paper. She does not press the paper perfectly, but her colouring is very good. She is always happy to correct what she has made wrong.

Puzzles: She is very interested in solving puzzles. She has puzzles on Saturdays and Thursdays.

She can do puzzles of thousand pieces.

Physical Activities:

Dutika is a delicate child. She has a flexible body and a good balance. She is very enthusiastic in gymnastics and she walks on her hands. She participated in sports day in gymnastics, yoga and others fun games. She performed awesome. She loves playing fun games and she plays all the games properly. On sport day she liked doing obstacles races and she balanced very well while she walked on the rope without falling and she has crossed the distance.

Trip:

This was the first trip for her group. They travelled by train. This was the second time that she sat on a train. She was at first confused as all the compartments of the train are same but got accustomed to it.

The first place they visited was Lingaraj temple. she was very happy and surprised to see the carved temple. Then their group went to Khandagiri and Udayagiri caves where she was surprised to see the different caves and also the carved elephants. There were a lot of

monkeys which were really making her scared and excited at the same time. The next site they visited was the Nandankanan zoological park, where she got to see varieties of species. After returning from the zoo, they visited the planetarium. She was very excited to see the preserved animals and reptiles that were inside the glass jars. The next day they visited the Gandhi peace centre where she got to see

and learn about the various stages of Gandhi ji. Her favourite sightseeing place was Konark temple as she enjoyed counting the wheels of the temple. In the Chilika lake they got to see some of the migratory birds and also some good landscapes. She enjoyed the trip very much and is looking forward to another exciting and adventurous trip.

Celebrations:

She is a dancing girl at her little age, and she always tries her best. She likes to perform dance and Drama. She does not select any major role or character, but she is good in plays. She participated in the wizard of OZ play. Her role was of a little girl. She was amazing on the stage. She never gets shy on the stage.
