Saraswati Hantal

DOB- 1st February'17

Report for 2023-24 (First Term)

Attendance- 178 out of 183 days

Introduction

Saraswati is a six-year-old who tends to drop food while eating. Her favourite meals include puri and seviyan (vermicelli). She is friendly with all the children and has a special bond with her best friend, Madhurika. She enjoys drawing.

Projects

1. **Vegetables:** Saraswati exhibited a willingness to learn vegetable names in English and contributed by drawing various vegetables. Her pronunciation in English improved as she spoke about ladyfingers and other vegetables.

2. Shapes: Saraswati enjoyed learning about shapes. She had prior knowledge of some shapes like circles, stars, hearts, and other simple ones. She showed great enthusiasm and quickly grasped the names of various shapes. Her drawings were good, but she had some difficulty with the precision of line lengths. She learned songs about shapes and effectively memorized the number of sides, corners, and vertices for different shapes.

3. **My family:** Saraswati joined the school later and was placed in a higher-level group, Unity, as she had previously been in the Bliss group. She was less familiar with Hindi and English and had difficulty understanding the languages. Despite the language barrier, she created a family tree with beautiful pictures and labels, although she faced challenges when learning family relations and their names in Hindi and English. She was more confident in her mother tongue.

4. **My body parts:** Saraswati quickly adapted to learning the names of body parts in English, but she had difficulty with the five senses initially. However, she actively participated in activities such as sensing, hearing, touching, tasting, and seeing. She created drawings of body parts by observing others, and she learned the names through songs.

English

Saraswati is an open and talented girl who quickly learns songs and dialogues. She enjoys singing and interacting with her friends and teachers in Hindi, as she hasn't yet learnt English. She's interested in listening to stories but may have some difficulty understanding them.

Hindi

Saraswati is a cute and frank student who listens attentively to the teacher. She can sit quietly during lessons and enjoys stories. Like the others, she also needs to improve her speaking skills. Saraswati has successfully memorized the names of shapes in Hindi and learned the Hindi alphabets introduced in class. Despite occasional confusion, she always strives to do her best. She has learned Hindi songs, including "Jo Bhi Kam Karo Tum Bacho," "Ganesh Vandana," "Hum Gaye Ek," and "Bade Savere Bulbul Aati."

Maths

Saraswati is an intelligent student with a strong command of both forward and backward counting. She demonstrates proficiency in breaking numbers down to ten and understanding numbers 'between' other numbers. Her responses are swift and accurate, particularly in one-digit addition. Saraswati is efficient in one-digit addition with two-digit numbers and can perform two-digit

addition for both mental arithmetic and when using objects. Her mental arithmetic abilities are

highly developed. Saraswati does need some improvement when it comes to understanding numbers 'before' and 'after,' as she sometimes confuses them. She is familiar with the concepts of 'more' and 'less' but is still in the introductory stage. Additionally, she excels in solving word problems.

Arts

Saraswati's artwork shines in her meticulous and gentle colouring. She takes great care not to soil the paper, displaying a patient and steady approach to her art. While she may work at a deliberate pace, she successfully engages in various art activities.

Puzzles

Saraswati excels in solving puzzles containing 100 and 150 pieces with a focused and unwavering approach. She willingly accepts and tackles puzzles of any theme, often engaging in both solo and group puzzle-solving.

Dance

Saraswati enjoys dancing, and she is keen to learn. She catches dance steps quickly and remembers them. She is shy about dancing alone but dances well when with her friends. She learned "Vrindavan Mein Gopi Aaye" and performed it during Janmashtami.

Games

Saraswati remains focused during games and handles criticism from friends when she makes mistakes.
