YOGA: Initially, I struggled to maintain consistency in attending yoga classes, often succumbing to laziness when it came to waking up early. However, when Didi emphasized the importance of regular attendance, I committed myself to attending every session. Although I initially found it challenging, I've grown to enjoy yoga practice. We either conduct sessions independently or under the guidance of Hari Bhaiya.

TRIP (NORTH-EAST): My journey began on February 24th, boarding a train from Koraput to Howrah. Arriving in Howrah on the morning of the 25th, we embarked on a sightseeing adventure. Our first stop was the Botanical Garden, where we marvelled at the diverse array of plants and flowers, including the majestic Great Banyan Tree. Next, we visited the Indian Museum, where we explored numerous historical artifacts, followed by a visit to the iconic Victoria Memorial, where I admired the grand statue of Queen Victoria.

Continuing our journey, we boarded a train bound for Assam. Our first destination was the Kamakhya Temple, followed by visits to the Gandhi Memorial and War Memorial. The next day, we set off for Shillong, where we explored attractions such as Thangkarang Park, Mawsmai Cave, Root

Bridge, and Nohakhalikaya Falls, before venturing to the cleanest village in Asia.

From there, we travelled to Arunachal Pradesh, where we spent a night at a school affiliated with the Ramakrishna Mission. Highlights of our visit

included Tawang, home to the world's second-largest monastery, where we enjoyed a mesmerizing light and sound show. We also visited Rupa before returning to Assam, where we stayed at the Blue Moon Hotel.

Our journey then took us to Kaziranga, where we indulged in the exhilarating experience of elephant riding at Kaziranga Park. Continuing onwards, we reached Sikkim, where we stayed at Tiara Regency. In Sikkim, we explored monasteries, attended a flower exhibition, visited Nathula Pass, and explored the local markets.

Returning to Kolkata, we explored attractions such as Science City and various temples before enjoying a fun-filled day at Nicco Park, where we played a variety of games. Despite facing challenges such as traffic and vehicle odours, and experiencing bouts of vomiting, I cherished every moment of the trip, particularly enjoying yak sightings and the recreational activities at Nicco Park, including yak riding.
