

ASPIRATION GROUP

Report for 2023-24 (First Term)

Intoduction and Academics

Aspiration group comprises all the children who have completed their

10th class and have taken admission in class 12th in NIOS. It is a very fluid situation and students have an opportunity to appear for their exams of class 10 twice a year and once they have cleared their exams then they have an option of continuing studying here and becoming part of this group. All the students who complete class 12 are then a part of Faith group. As on 30th September'23 the group comprises 8 children. Five

of them are going to complete their 12th class later this year. The children have different subjects which they prepare by themselves by attending online classes on Zoom or by taking the help of some elder teachers in Kechla. They do the classes individually or in a group of 3- 4, depending on the subjects they have

opted for. All of them are busy preparing for their board exams which they will be appearing for in the future. After completing their 12th they have a choice to take admission in other colleges or to continue studying in Kechla. Before taking the decision, they have to think that if they want to stay in Kechla, then they have to be very disciplined, or if they want to go to some other college, then they would get the

volunteering they are very conscious about how they should teach and handle the children so

permission of their family. Along with their studies, they volunteer to help in the younger groups for one to three hours a day. While

that they could be friendly to them.

Games and Sports

All the students are passionate about sports. They play games every day. They play Football, Basketball and Volleyball,

amongst other sports. They do swimming, boating, rappelling, trekking, rock-climbing and other adventure activities, depending on the season.

Yogasana

They do Yogasana in the morning from 6 am to 6:45 am. They are very disciplined and conscientious.

Shramdaan (Work Offering)

They do Shramdan from 6:45 am to 7:30 am. They help in maintain the whole campus, including the cleanliness of the school and hostel and also maintain the vegetable garden. They are good role models and guides for the younger students.
