

# HAREKRISHNA KAMAR

**DOB- 12 June 06**

**Annual Report for 2023-24 (Second Term)**

**Annual Attendance 360 days out of 366 days**

**Introduction-** I am Harekrishna Kamar, a 17-year-old and have recently completed my 12<sup>th</sup> grade. My favourite pastime is playing football; I'm passionate about it. I've chosen English Honours as my field of study for graduation.

**Academics-** I have completed all the syllabus of the first year and am now revising on my own. I practise the questions and answers of the book which I have already studied. I also practise the previous years' question papers.

***Volunteering-*** I am volunteering for one hour a day in the younger group. During this hour, I take an English class. My activities involve teaching them how to read and write in English and introducing some basic grammar concepts.

Volunteering with these young children is something I deeply enjoy. No external pressure pushes me to volunteer; it's entirely my own choice. Additionally, I assist in various school report tasks, such as layout design and labelling children's photos, occasionally handling other laptop-related responsibilities.

**Games-** My sporting interests extend to football, basketball, and volleyball. Football stands out as my favourite, and I play it three times a week. Basketball and volleyball occupy my schedule twice and once a week, respectively. Prior to participating in any game, I meticulously perform full-body exercises, gradually warming up by running to prepare myself for play.

**Shramdan-** I engage in various Shramdan activities every morning. These

duties encompass kitchen work, toilet cleaning, gardening, school cleaning, and hostel cleaning, each lasting an hour. • In the kitchen, I'm often found helping to chop vegetables for the morning's breakfast. If time permits, I extend my assistance to prepare vegetables for lunch. • Toilet cleaning involves collaborative work with my group, followed by sweeping the surrounding areas. • In gardening, I contribute by turning the soil over to facilitate crop planting and help with weeding after digging. • School

cleaning involves tasks like sweeping and mopping, culminating in the disposal of the collected garbage. • When cleaning the hostel premises, I tackle responsibilities such as cleaning drains and, when necessary, sweeping the veranda and steps. Occasionally, I handle spider web removal.

**Celebrations-** I actively participate in a variety of festivals and celebrations.

On the Mother's birthday, I participated in a play named 'In Search of Riches'. We celebrate many festivals like Holi, Rath Yatra, Christmas, Ganesh Puja, Raksha Bandhan, Independence Day, Gandhi Jayanti, etc.
