

SURAJ, 4 YRS

Suraj is a quiet and shy boy of our group.

He is not regular to school. In a moth he attends school for 10-12 days only.

He is good friends with Mahendra. They come to school together. At times he comes halfway and returns. Sometimes he keeps playing on the way with his friends & sister and get late.

He speaks Hindi, but his pronunciation needs lot of improvement. We give him opportunity to speak and participate in activities so that he overcomes his shyness.

He prefers to play outdoors and enjoys running, jumping and playing in the sandpit compared to group activities.

Suraj has to be encouraged a lot to speak, sing and participate in activities of the group.

He does not like to dress up like girls. In a program he was made a butterfly, he was not willing to be dressed up in colourful wings as that is girlish.
