

# **Saita Krisani**

**Annual Report for 2023-24 (second term)**

**DATE OF BIRTH -06th - SEP-17**

**Annual Attendance 365 days out of 366 days**

## **Introduction**

Saiti is a very well-behaved girl who shows a strong willingness to learn and listens attentively to her teacher. She demonstrates a keen interest in various subjects and readily grasps the concepts taught to her. Additionally, Saiti is articulate and confidently responds to questions posed to her.

## **Projects**

Saiti is shy and speaks sparingly during class, but she is friendly and interactive during her free periods. She could benefit from being more open and improving her speaking skills, especially in front of her peers. Saiti begins her class with chants and songs in a large circle after finishing brushing her teeth. She enjoys singing with her friends.

During the "healthy habits" topic, Saiti learned about various habits that promote fitness and health. She actively participated in creating pictures and adding them to the chart. However, she participates minimally during discussions and would benefit from improvement in this area.

## Mathematics

In mathematics, Saiti exhibits remarkable progress as a fast learner. She diligently follows her teacher's instructions and has achieved proficiency in counting up to 100, as well as counting backwards from 30 to 1. Furthermore, she has successfully mastered the use of the abacus and can proficiently solve problems related to it. Saiti actively participates in various mathematical activities involving different objects and demonstrates her understanding by accurately representing numbers. Her focused approach to learning and consistent effort have resulted in

significant achievements in mathematics.

## English

Saiti is a diligent student who consistently maintains good posture and focuses on listening to the teachers during class. When prompted to retell stories, she demonstrates proficiency in Hindi while also making efforts to express herself in English, indicating her commitment to improving her language skills.

Participating in a play for the 21st February celebration, Saiti portrayed the role of a sadhak, delivering her dialogues with grace and beauty. Her performance showcased her ability to effectively convey emotions and character traits on stage.

Furthermore, Saiti has learned several rhymes in class, including "The Five Little Monkeys" and "Old MacDonald Had a Farm." Her engagement in learning these rhymes highlights her enthusiasm for the curriculum and her willingness to participate in class activities.

Overall, Saiti's dedication to learning, her confident participation in the play, and her enthusiasm for learning rhymes demonstrate her positive attitude towards education and her desire to excel academically.

### **Arts and Crafts**

Saiti actively participates in all art activities, enjoying paper folding and drawing with precision and patience. Her favourite colour, blue, complements her artwork, and she enjoys colouring pictures lightly.

### **Games**

Saiti is a healthy, energetic, and friendly girl who enjoys all games, exercises, running, and jumping. She remains active and alert during games and does not complain. She excels in running and is continually improving. Her favourite games include "chain game," "musical chair," and "ice and water."

### **Celebrations and Festivals**
