

Vijay Krisani

DOB-08-Aug-08

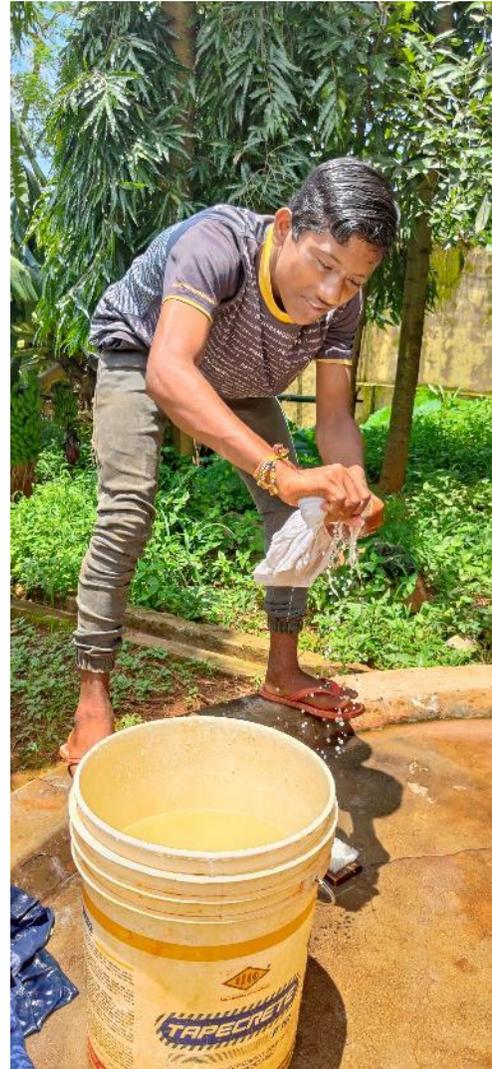

Report for 2022-23 (first term)

Introduction

My name is Vijay Krisani. I study in Auro-Mira Vidya Mandir. I am in the Humility group and I am in 10th class. Recently, I started staying in the village while my friends stay in the hostel. I come to school regularly, even on the days we have festivals in the village. I love to study in the school with my friends. I do many varieties of activities in the school. I also do gardening in the afternoon at 2:30 pm with Suman Bhaiya.

Social Science

We study Social Science with Neela Didi and Bhavna Didi. In Geography, all the chapters are completed except the last chapter of 'Population- our greatest resource'. In the tests on the previous chapters which are completed, I scored average marks in most of them, and had to give retest in some chapters. In Political Science, most of the

chapters are covered. I understood some of the chapters very nicely but in some, I need to revise more. We have completed only one chapter of History. My handwriting is not so bad but when I do not feel like writing then I write very untidily. I try to memorise the answers for the test but when I sit to write the tests then I forget the answers and am unable to write, but I try my best and do whatever I can.

Hindi

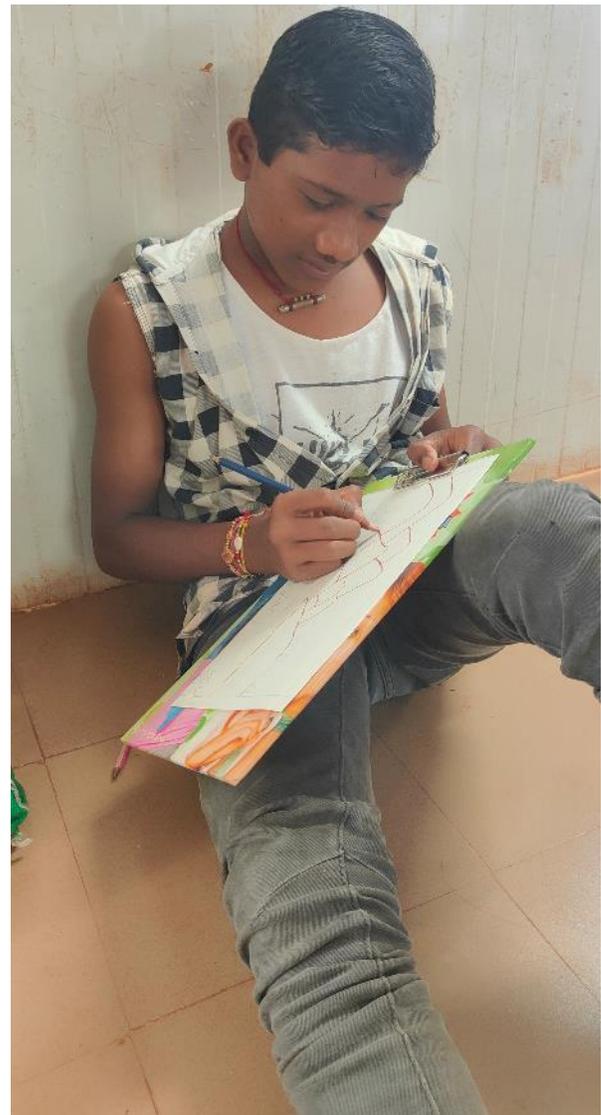

I like to study Hindi with Manisha Didi. I have completed both the course books of 10th class. Now I am revising the 1st book for the whole book test. In the books, I found the poems a bit difficult to understand, but I enjoyed reading the stories and doing their question answers. I find it difficult to write 'Prasang Vyakhya' and also when I am asked to explain, I am unable to speak. In grammar I have learnt 'Sangya', 'Upsarg' and 'Vyakhya bhed'. My reading needs improvement and I'm trying my best to make my reading better. I have given tests on each chapter, and I have scored

average marks in most and needed revision in some chapters. To take our Hindi class, Poonam Didi had come from Delhi and stayed here for over a month. Along with our studies from the books, she also taught us about the good habits.

Painting

I love to do painting. I do painting and drawing with Papaji and I love learning from him. He guides me to draw and paint and to make my paintings better and beautiful. He teaches many types of drawings and also the varieties of paintings of human figure, nature and cities etc. I have improved doing the

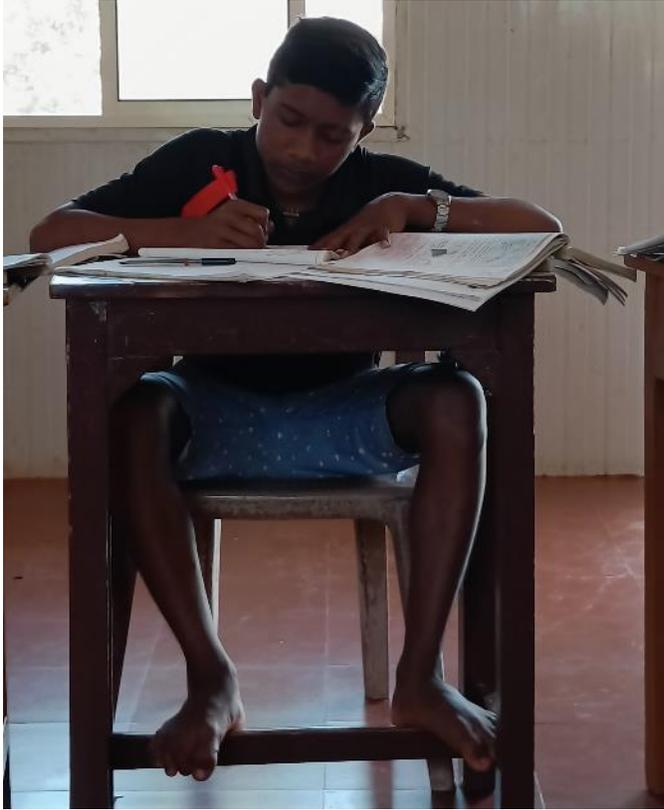

drawings of human figures. I also do stippling and use water colours and poster colours for painting. I really enjoy while using these materials. I am doing the theory part now and I have completed half of the book with Pranjali Bhaiya. I really enjoy

when bhaiya teaches us as he describes the theory part very nicely along with examples. When I don't understand the meaning of some words then I ask bhaiya to explain. After the class I do the questions from the book and get it checked.

English

In English class we study from our 10th class course book of NIOS (National Institute of Open Schooling). Now we are doing the 2nd book of the syllabus after completing the 1st one. I do all the questions and answers given after the text of a chapter, once the chapter has been completed and get it checked from Neela Didi. When we completed the 1st book we were given tests on each chapter, on almost a regular basis. In some of the tests I scored

good marks and in others too I could have done better. I am trying my best to do well in other tests. I like to study English with my teachers as they explain the grammar and also the stories very nicely. While I was learning letter writing, message writing and notice writing I was finding it difficult, but now after a lot of practise, I have improved

very much and I can write letters, messages and notices very nicely.

Celebration

In celebrations and functions, I really like to participate as everyone shows in the programmes whatever they have practised and I also with my group present plays and I really love doing the acting. On 11th August I celebrated Raksha Bandhan

programmes which included speech, poem writing, quiz and painting. I had participated in all these competitions and won the 2nd prize (an umbrella) for painting. On 15th August in the programme, my group performed a play on Sri Aurobindo's life. I was given the role of a Britisher. I love acting, so I did my role very nicely. For the Ganesh puja I made the statue of Lord Ganesh with my friends and I really loved making the statue.

with my friends in the common room where everyone had gathered. I sang many songs with my friends and we tied Rakhi to each other and I really loved the day. The whole week before 15th August, we had some competition
